1. INTRODUCTION

1.1. Offer Announcement. On 20 September 2017, UOB announced, for and on behalf of the Offeror, that the Offeror intends to make a voluntary conditional cash offer for all the issued and paid-up ordinary shares in the capital of the Company, other than those already held by the Offeror as at the date of the Offer in accordance with Rule 15 of the Code. A copy of the Offer Announcement is available on the website of the SGX-ST at www.sgx.com.

1.2. Offer Document. Shareholders should have by now received a copy of the Offer Document despatched by the Offeror on 9 October 2017, setting out, inter alia, the terms and conditions of the Offer. The principal terms and conditions of the Offer are set out in Section 2 of the Offer Document. Shareholders are advised to read the terms and conditions of the Offer set out in the Offer Document carefully. A copy of the Offer Document is available on the website of the SGX-ST at www.sgx.com.

1.3. Purpose of this Circular. The purpose of this Circular is to provide Shareholders with relevant information pertaining to the Company and the Offer, the advice of the IFA to the Independent Directors and the recommendation of the Independent Directors with regards to the Offer.

Shareholders should read the Offer Document, this Circular and the IFA Letter carefully and consider the recommendation of the Independent Directors and the advice of the IFA to the Independent Directors in respect of the Offer before deciding whether or not to accept the Offer. If you are in any doubt in relation to this Circular or as to the action you should take, you should consult your stockbroker, bank manager, accountant, solicitor, tax adviser or other professional adviser immediately.
2. THE OFFER

2.1. Offer Terms. The Offer is made by UOB for and on behalf of the Offeror on the principal terms set out in sections 2 and 3 of the Offer Document, extracts of which are set out below. Unless otherwise defined, all terms and expressions used in the extracts below shall have the same meanings as those defined in the Offer Document.

“2. THE OFFER

2.1 Offer. UOB, for and on behalf of the Offeror, hereby makes the Offer to acquire all the Shares other than those already held by the Offeror as at the date of the Offer (the "Offer Shares") in accordance with Rule 15 of the Code and on the terms and subject to the conditions set out in this Offer Document, the FAA and the FAT.

2.2 Offer Shares. The Offer will be extended to all the Shares other than those already held by the Offeror as at the date of the Offer.

For the avoidance of doubt, the Offer will be extended, on the same terms and conditions, to all the Shares owned, controlled or agreed to be acquired by the parties acting or presumed to be acting in concert with the Offeror. For the purpose of the Offer, the expression “Offer Shares” shall include such Shares.

2.3 Offer Price. The consideration for each Offer Share is as follows:

For each Offer Share: S$1.30 in cash

2.4 No Encumbrances. The Offer Shares are to be acquired (a) fully paid, (b) free from all Encumbrances, and (c) together with all rights, benefits, entitlements and advantages attached thereto as at the Offer Announcement Date, and thereafter attaching thereto, including but not limited to the right to receive and retain all Distributions (if any), the Record Date for which falls on or after the Offer Announcement Date.

In the event of any such Distributions on or after the Offer Announcement Date, the Offeror reserves the right to reduce the Offer Price to a Shareholder who validly accepts or has validly accepted the Offer by the amount of such Distribution.

2.5 Minimum Acceptance Condition. The Offer is conditional upon the Offeror having received, by the close of the Offer, valid acceptances in respect of such number of Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror and the parties acting in concert with it (either before or during the Offer and pursuant to the Offer or otherwise), will result in the Offeror and the parties acting in concert with it holding such number of Shares carrying more than 50% of the voting rights attributable to the issued Shares (excluding any Shares held in treasury) as at the close of the Offer (the “Minimum Acceptance Condition”).
As mentioned in the Offer Announcement and as further described in Section 5 below, PCAPL and the Selling Shareholders have provided the Irrevocable Undertakings to the Offeror to tender in acceptance of the Offer in aggregate 141,285,400 Shares, representing approximately 66.67% of the Shares in issue as at the Latest Practicable Date. Accordingly, based on the total number of issued Shares as at the Latest Practicable Date, the Minimum Acceptance Condition will be met upon receipt of valid acceptances of the Offer from PCAPL and the Selling Shareholders pursuant to the Irrevocable Undertakings and the Offer is expected to be declared unconditional in all respects.

Save for the Minimum Acceptance Condition, the Offer is unconditional in all other respects.

2.6 Revision of Terms of the Offer. The Offeror reserves the right to revise the terms of the Offer in accordance with the Code.

2.7 Warranty. A Shareholder who tenders his Offer Shares in acceptance of the Offer will be deemed to unconditionally and irrevocably represent, warrant and undertake to the Offeror that he sells such Offer Shares, as or on behalf of the beneficial owner(s) thereof, (a) fully paid, (b) free from all Encumbrances, and (c) together with all rights, benefits, entitlements and advantages attached thereto as at the Offer Announcement Date and thereafter attaching thereto, including the right to receive and retain all Distributions (if any), the Record Date for which falls on or after the Offer Announcement Date.

3. FURTHER DETAILS OF THE OFFER

Appendix 1 to this Offer Document sets out further details on:

(a) the duration of the Offer;

(b) the settlement of the consideration for the Offer;

(c) the requirements relating to the announcement(s) of the level of acceptances of the Offer; and

(d) the right of withdrawal of acceptances of the Offer.”

2.2. Further Details of the Offer and Procedures for Acceptance. Further details of the Offer and the procedures for acceptance may be found in section 4, and Appendices 1 and 2 of the Offer Document, an extract of which is set out below.

“4. PROCEDURES FOR ACCEPTANCE

Appendix 2 to this Offer Document sets out the procedures for acceptance of the Offer by a Shareholder.

...
1. **DURATION OF THE OFFER**

1.1 **First Closing Date.** The Offer is open for acceptance by Shareholders for at least 28 days from the Despatch Date, unless the Offer is withdrawn with the consent of the SIC and every person released from any obligation incurred thereunder. Accordingly, the Offer will close at 5.30 p.m. on 6 November 2017 or such later date(s) as may be announced from time to time by or on behalf of the Offeror.

1.2 **Subsequent Closing Date(s).** If the Offer is extended and:

   (a) the Offer is not unconditional as to acceptances as at the date of such extension, the announcement of the extension must state the next Closing Date; or

   (b) the Offer is unconditional as to acceptances as at the date of such extension, the announcement of the extension need not state the next Closing Date but may state that the Offer will remain open until further notice. In such a case, the Offeror must give Shareholders at least 14 days’ prior notice in writing before it may close the Offer.

1.3 **No Obligation to Extend the Offer.** The Offeror is not obliged to extend the Offer if the condition of the Offer as set out in Section 2.5 (Minimum Acceptance Condition) of this Offer Document is not fulfilled by the Closing Date.

1.4 **Offer to Remain Open for 14 Days After Being Declared Unconditional as to Acceptances.** Pursuant to Rule 22.6 of the Code, if the Offer becomes or is declared unconditional as to acceptances, the Offer will remain open for a period (the “Rule 22.6 Period”) of not less than 14 days after the date on which the Offer would otherwise have closed, in order to give Shareholders who have not accepted the Offer the opportunity to do so.

This requirement does not apply if, before the Offer has become or is declared unconditional as to acceptances, the Offeror has given Shareholders at least 14 days’ notice in writing (the “Shut-Off Notice”) that the Offer will not be open for acceptance beyond a specified Closing Date, provided that:

   (a) the Offeror may not give a Shut-Off Notice in a competitive situation; and

   (b) the Offeror may not enforce a Shut-Off Notice, if already given, in a competitive situation.

For these purposes, the SIC would normally regard a “competitive situation” to have arisen if a competing offer for the Company has been announced.
If a declaration that the Offer is unconditional is confirmed in accordance with Paragraph 4.2(a) (Right of Withdrawal of Shareholders) of this Appendix 1, the Rule 22.6 Period will run from the date of such confirmation or the date on which the Offer would otherwise have closed, whichever is later.

1.5 **Final Day Rule.** The Offer (whether revised or not) will not be capable:

(a) of becoming or being declared unconditional as to acceptances after 5.30 p.m. (Singapore time) on the 60th day after the Despatch Date; or

(b) of being kept open after the expiry of such 60-day period unless the Offer has previously become or been declared to be unconditional as to acceptances,

provided that the Offeror may extend the Offer beyond such 60-day period with the SIC’s prior consent (the “**Final Day Rule**”). The SIC will normally grant such permission if a competing offer has been announced.

1.6 **Revision.** The Offeror reserves the right to revise the terms of the Offer at such time and in such manner as it may consider appropriate. If the Offer is revised, the Offer will remain open for acceptance for at least 14 days from the date of despatch of the written notification of the revision to Shareholders. In any case where the terms are revised, the benefit of the Offer (as so revised) will be made available to each of the Shareholders who had previously accepted the Offer.”

2.3 **Extended Closing Date.** Shareholders should note that as set out in the announcement by UOB for an on behalf of the Offeror dated 12 October 2017, the Minimum Acceptance Condition of the Offer (as set out in Section 2.5 of the Offer Document) has been satisfied and the Offer has become unconditional in all respects on 12 October 2017, and the Offer will close at 5.30 p.m. on 20 November 2017 or such later date(s) as may be announced from time to time by or on behalf of the Offeror.

3. **IRREVOCABLE UNDERTAKINGS**

3.1 **Irrevocable Undertakings.** As stated in Sections 5.1, 5.2, and 5.3 of the Offer Document, PCAPL and the Selling Shareholders have given irrevocable undertakings as reproduced below.

“5.1 **Irrevocable Undertakings from PCAPL.** As at the Latest Practicable Date, PCAPL has provided an irrevocable undertaking (the “**PCAPL Undertaking**”) in favour of the Offeror to, inter alia:

(a) tender all its 48,000,000 Shares, representing approximately 22.65% of the total number of issued Shares, in acceptance of the Offer by no later than 5.00 p.m. (Singapore time) on the 3rd Business Day after the date of the despatch of the Offer Document;

(b) waive its rights under Rule 30 of the Code to receive payment for all of its Shares to be tendered in acceptance of the Offer in cash within the time period prescribed under Rule 30 of the Code; and
(c) agree that payment for its Shares shall be satisfied in full by the issue by the Offeror to PCAPL of an interest-free promissory note with an aggregate principal amount of S$62,400,000 (the “Promissory Note”).

The SIC has confirmed that the Promissory Note to be issued to PCAPL does not constitute a special deal for the purpose of Rule 10 of the Code and need not be extended to any other Shareholders.

5.2 Irrevocable Undertakings from Selling Shareholders. As at the Latest Practicable Date, each of PTCHPL, PSCPL, PCHIPL, HIPL, Mr. Poh Kay Giap, Mr. Ho Kim Lee Adrian and Ms. Nelly Rolles (collectively, the “Selling Shareholders”) has provided irrevocable undertakings (the “Selling Shareholders Undertakings”) pursuant to which each of the Selling Shareholders has undertaken, inter alia, to tender all their respective Shares amounting in aggregate to 93,285,400 Shares, representing approximately 44.02% of the total number of issued Shares, in acceptance of the Offer by no later than 5.00 p.m. (Singapore time) on the 3rd Business Day after the date of the despatch of the Offer Document. In consideration for their acceptance of the Offer, the Selling Shareholders will receive cash settlement on the terms of the Offer.

5.3 Irrevocable Undertakings. In addition, pursuant to the PCAPL Undertaking and the Selling Shareholders Undertakings (collectively, the “Irrevocable Undertakings”), each of PCAPL and the Selling Shareholders has undertaken to, inter alia:

(a) notwithstanding the provisions of the Code or any term of the Offer relating to the withdrawal of acceptances, not withdraw the acceptance of Offer once it has been given;

(b) not, directly or indirectly (i) offer, (ii) sell, transfer, give or otherwise dispose of, (iii) grant any option, right or warrant to purchase in respect of, (iv) charge, mortgage, pledge or otherwise create an encumbrance over, or (v) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the legal, beneficial or economic consequences of ownership of, all or any of their respective Shares or any interest therein;

(c) not, directly or indirectly, take any action or omit to do any action which would conflict with or diminish their obligations under the Irrevocable Undertakings or otherwise preclude, delay, frustrate, restrict or otherwise prejudice the Offer; and

(d) not acquire any further Shares or any interest in any Shares.”

5. INFORMATION ON THE OFFEROR AND THE CONSORTIUM MEMBERS

5.1. Offeror and the Consortium Members. Section 6 of the Offer Document sets out certain information on the Offeror and the Consortium Members, which is reproduced below.

6. INFORMATION ON THE OFFEROR AND THE CONSORTIUM MEMBERS

6.1 The Offeror. The Offeror is a company incorporated in Singapore on 24 August 2017. It is a special purpose vehicle incorporated for the purposes of making the Offer. As at the Latest Practicable Date, Mr. Poh CA holds one (1) ordinary share and TCL LP holds 41,600,000 Preference Shares in the Offeror. (a) the Offeror will undertake the Offer on the terms and conditions set out in the CSA;

(b) TCL LP will subscribe for 41,600,000 Preference Shares at a subscription price of S$41,600,000; and

(c) after the close of the Offer, or, if the Offeror is entitled to undertake compulsory acquisition under Section 215 of the Companies Act after the close of the compulsory acquisition (whichever is later):

(i) PCAPL will capitalise the principal value of the Promissory Note into new ordinary shares in the Offeror credited as fully paid up in the share capital of the Offeror;

(ii) Mr. Poh CA will immediately thereafter transfer his one (1) ordinary share in the Offeror to PCAPL; and

(iii) TCL LP can convert all (and not part of) the Preference Shares into 40% of the total ordinary share capital of the Offeror. If TCL LP converts all its aforesaid Preference Shares, the ordinary shares in the Offeror will be held by PCAPL as to 60%, and TCL LP as to 40%.

The CSA further regulates the relationship of PCAPL and TCL LP as members of the consortium and in the conduct of the business and affairs of the Offeror.

6.3 **Information on the Consortium Members.**

(a) **Mr. Poh CA and PCAPL.** Mr. Poh CA is the Chairman and Chief Executive Officer of the Company. He is deemed to have an interest in 51,429,000 (representing approximately 24.27% of the total number of Shares) comprising 48,000,000 Shares held by PCAPL and 3,429,000 Shares held by PTCHPL. 5.2. **Additional Information.** Appendix 3 of the Offer Document sets out additional information on the Offeror, which is reproduced in Appendix C of this Circular.

6. **RATIONALE FOR THE OFFER AND THE OFFEROR’S INTENTIONS RELATING TO THE COMPANY**

The full text of the rationale for the Offer and the Offeror’s intentions relating to the Company has been extracted from sections 8 and 9 of the Offer Document and is set out below. **Shareholders are advised to read the extract below carefully.**

“8. **RATIONALE FOR THE OFFER**

8.1 **Intention to Delist and Privatise the Company.** The Offeror is making the Offer with a view to delisting and privatising the Company.

8.2 **Low Trading Liquidity.** The trading volume of the Shares has been generally low, with an average daily trading volume of approximately 12,257 Shares, 24,086 Shares, 35,913 Shares and 79,201 Shares during the one (1)-month period, three (3)-month period, six (6)-month period and twelve (12)-month period respectively up to and including 19 September 2017, being the Last Trading Day. This represents only approximately 0.01%, 0.01%, 0.02% and 0.04% of the Shares respectively.

Hence, the Offer represents a clean cash exit opportunity for Shareholders to realise their entire investment without incurring brokerage and other trading costs, an option which may not otherwise be readily available due to the low trading liquidity of the Shares.

8.3 **Opportunity for Shareholders to realise their investment in the Shares at a premium.** The Offer Price represents a premium of approximately 32.5%, 43.2%, 48.7% and 58.1% over the VWAP per Share for the one (1)-month, three (3)-month, six (6)-month and 12-month period respectively up to and including 19 September 2016, being the last full day of trading of the Shares prior to the date of the announcement dated 23 September 2016 by the Company that the substantial shareholders of the Company will be seeking a strategic review relating to the Shares (the “Last Undisturbed Trading Day”).

8.4 **Greater Management Flexibility.** The Offeror is of the view that the delisting and privatisation of the Company will provide the Offeror and the Company with greater control and management flexibility in utilising and deploying the available resources of the Company and facilitating the implementation of any strategic initiatives and/or operational changes of the Group to achieve greater efficiency and competitiveness.

8.5 **Compliance Costs relating to Listing Status.** If the Company is delisted, the Company will be able to save on compliance costs associated with maintenance of a listed status and other regulatory requirements and human resources that have to be committed for such compliance and focus its resources and channel such expenses towards its business operations.
9. **THE OFFEROR’S INTENTIONS RELATING TO THE COMPANY**

Subsequent to the Closing Date and depending on the outcome of the Offer, the Offeror intends to undertake a review of the business of the Group with a view to identifying areas in which the strategic direction and operations of the Group can be enhanced. The Offeror retains the flexibility at any time to consider any options or opportunities in relation to the Group which may present themselves and which it may regard to be in the interests of the Company.

Save as disclosed above, the Offeror presently has no intention to (a) introduce any major changes to the existing businesses of the Group, (b) re-deploy the fixed assets of the Group, or (c) discontinue the employment of existing employees of the Group, in each case, other than in the ordinary course of business.

7. **LISTING STATUS AND COMPULSORY ACQUISITION**

Section 10 of the Offer Document set out the intentions of the Offeror relating to the listing status of the Company and compulsory acquisition, as reproduced below.

**“10. COMPULSORY ACQUISITION AND LISTING STATUS**

10.1 **Compulsory Acquisition.** Pursuant to Section 215(1) of the Companies Act, if the Offeror receives valid acceptances pursuant to the Offer (or otherwise acquires Shares during the period when the Offer is open for acceptance) in respect of not less than 90% of the total number of issued Shares (other than those already held by the Offeror, its related corporations or their respective nominees as at the date of the Offer and excluding any Shares held in treasury), the Offeror would be entitled to exercise the right to compulsorily acquire all the Shares of Shareholders who have not accepted the Offer (the “Dissenting Shareholders”) at a price equal to the Offer Price.

In such event, the Offeror intends to exercise its right to compulsorily acquire all the Offer Shares not acquired under the Offer. The Offeror will then proceed to delist the Company from SGX-ST.

Dissenting Shareholders have the right under and subject to Section 215(3) of the Companies Act, to require the Offeror to acquire their Shares at the Offer Price in the event that the Offeror, its related corporations or their respective nominees acquire, pursuant to the Offer, such number of Shares which, together with the Shares held by the Offeror, its related corporations or their respective nominees, comprise 90% or more of the total number of issued Shares. Dissenting Shareholders who wish to exercise such right are advised to seek their own independent legal advice.

10.2 **Listing Status.** Pursuant to Rule 1105 of the Listing Manual, upon an announcement by the Offeror that acceptances have been received pursuant to the Offer that bring the holdings owned by the Offeror and its concert parties to above 90% of the total number of issued Shares (excluding Shares held in treasury), the SGX-ST may suspend the trading of the Shares on the SGX-ST until it is satisfied that at least 10% of the total number of issued Shares (excluding Shares held in treasury) are held by at least 500 Shareholders who are members of the public. Rule 1303(1) of the Listing Manual provides that if the Offeror
succeeds in garnering acceptances exceeding 90% of the total number of Shares (excluding Shares held in treasury), thus causing the percentage of the total number of Shares (excluding Shares held in treasury) held in public hands to fall below 10%, the SGX-ST will suspend trading of the Shares only at the close of the Offer.

In addition, under Rule 724(1) of the Listing Manual, if the percentage of the total number of Shares held in public hands falls below 10%, the Company must, as soon as practicable, announce that fact and the SGX-ST may suspend the trading of all the Shares. Rule 724(2) of the Listing Manual states that the SGX-ST may allow the Company a period of three (3) months, or such longer period as the SGX-ST may agree, to raise the percentage of Shares in public hands to at least 10%, failing which the Company may be delisted from the SGX-ST.

The Offeror intends to privatise the Company and does not intend to preserve the listing status of the Company. In the event that the trading of Shares on the SGX-ST is suspended pursuant to Rule 724, Rule 1105 or Rule 1303(1) of the Listing Manual, the Offeror has no intention to undertake or support any action for any such trading suspension by the SGX-ST to be lifted.

8. DIRECTORS’ INTERESTS

Details of the Directors including, *inter alia*, the Directors’ direct and deemed interests in the Company Securities and Offeror Securities as at the Latest Practicable Date are set out in Appendix B of this Circular.

9. ADVICE AND RECOMMENDATIONS

9.1. General. Shareholders should read and carefully consider the recommendation of the Independent Directors and the advice of the IFA to the Independent Directors dated 20 October 2017, which is set out in Appendix A of this Circular (“IFA Letter”), before deciding whether to accept or reject the Offer.

9.2. Independence of Directors. The following Directors are Non-Independent Directors for the reasons as set out below:

(i) Mr. Poh Choon Ann, the Chairman and Chief Executive Officer of the Company, is a director and shareholder of the Offeror, and is also a shareholder of PCAPL.

(ii) Ms. Poh Khim Hong and Mr. Poh Kay Leong are the children of Mr. Poh Choon Ann, and are both shareholders of PCAPL.

(iii) Mr. Poh Kay Yong and Mr. Poh Key Boon are nephews of Mr. Poh Choon Ann and shareholders of PSCPL and PCHIPL respectively.

(iv) Ms. Poh Khim Hong, Mr. Poh Kay Leong, Mr. Poh Kay Yong and Mr. Poh Key Boon are parties presumed to have been acting in concert since the listing of the Company.
Accordingly, each of the Non-Independent Directors will face conflicts of interest in relation to the Offer that would render it inappropriate for him/her to join the remainder of the Board in making a recommendation to the Shareholders in connection with the Offer.

The SIC has ruled that the Non-Independent Directors are exempted from the requirement to make a recommendation to the Shareholders in connection with the Offer. The Non-Independent Directors must, nonetheless, assume responsibility for the accuracy of the facts stated or opinions expressed in documents and advertisements issued by, or on behalf of, the Company in connection with the Offer.

All of the Independent Directors consider themselves independent for the purposes of making a recommendation on the Offer. For completeness, the shareholdings of the Independent Directors (if any) in the Company are as set out in Appendix B of this Circular.

9.3. Advice of the IFA to the Independent Directors

(a) IFA. EYCF has been appointed as the independent financial adviser to advise the Independent Directors in respect of the Offer. Shareholders should consider carefully the recommendation of the Independent Directors and the advice of EYCF to the Independent Directors before deciding whether to accept or reject the Offer. EYCF’s advice is set out in its IFA Letter dated 20 October 2017, which is set out in Appendix A of this Circular.

(b) Factors Taken into Consideration by EYCF. In arriving at its recommendation, EYCF has taken into account several key considerations, set forth in section 7 of the IFA Letter. Shareholders should read section 7 of the IFA Letter in conjunction with, and in the context of, the full text of the IFA Letter.

(c) Advice of EYCF. After having regard to the considerations set out in the IFA Letter, an extract of which is set out below, and based on the circumstances of the Company and the information as at the Latest Practicable Date, EYCF has made certain recommendations to the Independent Directors. Shareholders should read the extract in conjunction with, and in the context of, the full text of the IFA Letter. Unless otherwise defined or the context otherwise requires, all terms and expressions used in the extract below shall have the same meanings as those defined in the IFA Letter.

“8. OUR ADVICE ON THE OFFER

In arriving at our advice on the Offer, we have reviewed and deliberated on the factors which we consider to be relevant and to have a significant bearing on our assessment of the Offer. The factors we have considered in our evaluation, which are discussed in detail in the earlier sections of this letter and which we have relied upon, are as follows:

(a) The premiums implied by the Offer Price. For the two-year period prior to the Last Undisturbed Trading Day, the Company’s Share price traded below the Offer Price of S$1.30 per Share for the entire period. Over the last two years prior to and including the Last Undisturbed Trading Day, the market price of the Shares traded between a low of S$0.55 per Share and a high of S$1.28 per Share.
The Offer Price represents premiums of approximately 75.7%, 56.6%, 47.7%, 41.3%, and 30.0% over the VWAPs for the periods 2 years, 1 year, 6 months, 3 months and 1 month prior to and including the Last Undisturbed Trading Day, respectively, and a premium of approximately 1.6% over the last transacted price on the Last Undisturbed Trading Day.

The Offer Price represents discounts of approximately 2.3%, 7.1%, 3.0% and 0.8% to the VWAPs for the periods 1 year, 6 months, 3 months and 1 month prior to the Offer Announcement Date, and a discount of approximately 1.5% to the last transacted price prior to the Offer Announcement Date.

For the period following the Offer Announcement Date up to the Latest Practicable Date, Shares traded between S$1.29 per Share and S$1.30 per Share. The VWAP of the Shares over this period is equivalent to the Offer Price of S$1.30 per Share.

(b) **The liquidity of the Shares.** The average daily traded volume of the Shares for the periods 2 years, 1 year, 6 months, 3 months and 1 month prior to and including the Last Undisturbed Trading Day represents approximately 0.09%, 0.08%, 0.09%, 0.14% and 0.25% of the free float as at the Offer Announcement Date, respectively.

The average daily traded volume of the Shares for the periods 1 year, 6 months, 3 months and 1 month prior to the Offer Announcement Date represents approximately 0.13%, 0.06%, 0.04% and 0.03% of the free float as at the Offer Announcement Date.

The average daily traded volume of the Shares for the period following the Offer Announcement Date up to the Latest Practicable Date represents approximately 0.29% of the free float as at the Offer Announcement Date.

(c) **Price performance of the Shares against the Singapore equity market.** Over the last three years prior to the Offer Announcement Date and up to the Latest Practicable Date, the Shares had outperformed the FSSTI in relative terms.

(d) **Comparison with privatisation transactions of companies listed on the SGX-ST.** The premium of 1.6% implied by the Offer Price against the last transacted price of the Shares prior to and including the Last Undisturbed Trading Day is below the range of premiums of the Precedent Privatisation Transactions.

The premiums of 30.1%, 41.3%, 47.1 and 56.8% implied by the Offer Price against the 1-month, 3-month, 6-month and 12-month VWAPs of the Shares prior to the Last Undisturbed Trading Day are within the respective ranges of premiums and above the average and median premiums of the Precedent Privatisation Transactions.
(e) **Comparison of valuation measures of the Company against those of the Comparable Companies.** The Shares, as implied by the Offer Price of S$1.30, trade at an EV/EBITDA Ratio, P/E Ratio and P/NAV Ratio of 11.8 times, 23.0 times and 3.1 times, respectively.

The EV/EBITDA Ratio implied by the Offer Price is within the range of the EV/EBITDA Ratios of the Comparable Companies, but is below the average and median EV/EBITDA Ratios of the Comparable Companies.

The P/E Ratio implied by the Offer Price is within the range, and above both the average and median P/E Ratios of the Comparable Companies.

The P/NAV Ratio implied by the Offer Price is within the range of the P/NAV Ratios of the Comparable Companies, and above both the average and median P/NAV Ratios of the Comparable Companies.

(f) **Comparison of valuation measures implied by the Offer Price against those of Comparable Transactions.** The EV/EBITDA Ratio of the Company implied by the Offer Price of 11.8 times is above the range of EV/EBITDA Ratios of the Comparable Transactions.

The P/E Ratio of the Company implied by the Offer Price of 23.0 times is above the range of P/E Ratios of the Comparable Transactions.

(g) **Analysis of the RNAV of the Group.** The Offer Price represents a premium of approximately 17.1% over the unaudited RNAV of the Group as at the Latest Practicable Date. While the unaudited RNAV is a relevant basis for comparison, it is not necessarily a realisable value as the market value of the Properties and any tax liabilities arising from the sale of the Properties may vary depending on prevailing market and economic conditions.

(h) **Offeror’s intentions for the Group.** The Offeror has stated that it is making the Offer with a view to delisting and privatising the Company.

(i) **The Offer has turned unconditional.** The Offer was declared unconditional in all respects on the Offer Unconditional Date. As at the Latest Practicable Date, the total number of (a) Shares owned, controlled or agreed to be acquired by the Offeror, and (b) valid acceptances to the Offer, amount to an aggregate of 143,606,000 Shares, representing approximately 67.76% of the total number of issued Shares as at the Latest Practicable Date.

(j) **Revision of terms of the Offer.** As set out in the Offer Document, the Offeror has stated that it reserves the right to revise the terms of the Offer in accordance with the Code.

(k) **The Offer is the only offer available to Shareholders.** As at the Latest Practicable Date, there is no alternative or competing offer made for the Shares that is available to Shareholders.
In arriving at our conclusion, we have considered the information available to us as at the Latest Practicable Date.

After having considered carefully the information available to us as at the Latest Practicable Date, we are of the view that the Offer is fair and reasonable from a financial point of view. Accordingly, we advise the Independent Directors to recommend that Shareholders accept the Offer.

We note that on 12 October 2017, being the Offer Unconditional Date, the Offeror announced that it has received valid acceptances of the Offer in respect of more than 50% of the voting rights attributable to the maximum potential issued Shares in the capital of PTC. Accordingly, the Offer has become unconditional as to acceptances and has been declared unconditional in all respects.

Shareholders may wish to sell their Shares in the open market if they are able to obtain a price higher than the Offer Price, net of related expenses (such as brokerage and trading costs). We also advise the Independent Directors to consider highlighting to the Shareholders that there is no assurance that the price of the Shares will remain at current levels after the close of the Offer and the current price performance of the Shares is not indicative of the future price performance levels of the Shares.

The Independent Directors should note that we have arrived at our recommendation based on information made available to us prior to, and including, the Latest Practicable Date. Our advice on the Offer cannot and does not take into account any subsequent developments after the Latest Practicable Date, including future trading activity or price levels of the Shares, as these are governed by factors beyond the scope of our review, and would not fall within our terms of reference in connection with our evaluation of the Offer.”

9.4. Recommendation of the Independent Directors. The Independent Directors, having considered carefully the terms of the Offer and the advice given by EYCF in the IFA Letter, concur with the advice of the IFA and recommendation thereon in respect of the Offer and accordingly, recommend that Shareholders either ACCEPT THE OFFER or sell their Shares in the open market if they are able to obtain a price higher than the Offer Price, net of related expenses (such as brokerage and trading costs). Shareholders are to note that there is no assurance that the price of the Shares will remain at current levels after the close of the Offer and the current price performance of the Shares is not indicative of the future price performance levels of the Shares.

9.5. No Regard to Specific Objectives. In rendering the advice and the recommendations above, both the IFA and the Independent Directors have not had regard to the specific investment objectives, financial situation, tax position and/or unique needs and constraints of any Shareholder. As different Shareholders would have different investment objectives, the Independent Directors recommend that any individual Shareholder who may require specific advice in relation to his Shares should consult his stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

SHAREHOLDERS ARE ADVISED TO READ THE FULL TEXT OF THE IFA LETTER WHICH IS SET OUT IN APPENDIX A OF THIS CIRCULAR CAREFULLY.

VOLUNTARY CONDITIONAL GENERAL OFFER BY UNITED OVERSEAS BANK LIMITED (“UOB”), FOR AND ON BEHALF OF RESPOND LOGISTICS PTE. LTD. (THE “OFFEROR”), FOR ALL THE ISSUED AND PAID-UP ORDINARY SHARES (THE “SHARES”) IN THE CAPITAL OF POH TIONG CHOON LOGISTICS LIMITED (“PTC” OR THE “COMPANY”) OTHER THAN THOSE ALREADY HELD BY THE OFFEROR AS AT THE DATE OF THE OFFER (THE “OFFER SHARES”) (THE “OFFER”)

1 INTRODUCTION

On 20 September 2017 (the “Offer Announcement Date”), UOB announced, for and on behalf of the Offeror, that the Offeror intends to make the Offer for all the Offer Shares other than those already held by the Offeror as at the Offer Announcement Date in accordance with Rule 15 of the Singapore Code on Take-overs and Mergers (the “Code”) (the “Offer Announcement”).

The offer document in relation to the Offer dated 9 October 2017 and any other document(s) which may be issued for and on behalf of the Offeror to amend, revise, supplement or update the offer document from time to time (the “Offer Document”) was despatched to the shareholders of the Company (the “Shareholders”) on 9 October 2017. The Offer Document sets out, inter alia, the terms and conditions of the Offer.

The Offeror is a company incorporated in Singapore on 24 August 2017. It is a special purpose vehicle incorporated for the purposes of making the Offer. As at the latest practicable date of the Offer Document, Mr. Poh Choon Ann (“Mr. Poh CA”) holds one (1) ordinary share and Tower Capital Logistics L.P. (“TCL LP”) holds 41,600,000 preference shares in the Offeror. The directors of the Offeror are Mr. Poh CA and Ms. Poh Khim Hong (“Ms. Poh KH”).

Ernst & Young Corporate Finance Pte Ltd (“EYCF”) has been appointed as the independent financial adviser (“IFA”) to the directors of the Company (the “Directors”) who are considered independent in relation to the Offer (the “Independent Directors”), for the purpose of advising on the Offer.

This letter sets out, inter alia, our evaluation of the terms of the Offer and our advice thereon. It forms part of the circular to the shareholders of the Company (the “Shareholders”) dated 20 October 2017 which provides, inter alia, the details of the Offer and the recommendation of the Independent Directors in relation to the Offer (the “Circular”).

Unless otherwise defined, all terms in the Circular have the same meaning in this letter.
2 TERMS OF REFERENCE

EYCF has been appointed to advise the Independent Directors on the financial terms of the Offer and to recommend for or against acceptance of the Offer pursuant to Rules 7.1 and 24.1(b) of the Code.

Our views as set forth in this letter are based on the prevailing market conditions, economic conditions, and financial conditions, and our evaluation of the Offer, as well as information provided to us by the Company and its management (the “Management”), as at 12 October 2017 (the “Latest Practicable Date”). Accordingly, our opinion shall not take into account any event or condition which occurs after the Latest Practicable Date. Shareholders should take note of any announcement and/or event relevant to their consideration of the Offer which may be released after the Latest Practicable Date.

We have confined our evaluation and analysis of the Offer to the financial terms thereof. It is not within our terms of reference to assess the rationale for, commercial merits and/or commercial risks of the Offer, and to comment on the financial merits and/or financial risks of the Offer where the assessment of such financial merits and/or financial risks involves our reviewing of non-publicly available information of the companies involved to which we have no access and with which we have not been furnished. It is also not within our terms of reference to compare the relative merits of the Offer vis-à-vis any alternative transaction that the Company may consider in the future, and as such, we do not express an opinion thereon.

We have not been requested or authorised to solicit, and we have not solicited, any indication of interest from any third party with respect to the Offer Shares.

The scope of our appointment does not require us to express, and we do not express, a view on the future prospects of PTC, its subsidiaries and associates (the “Group”). We are, therefore, not expressing any view herein as to the prices at which the Shares may trade or on the future financial performance of PTC and/or the Group upon the completion of the Offer. No financial or profit forecasts, business plans or management accounts of PTC and/or the Group have been specifically prepared for the purpose of evaluating the Offer, save for those that were provided by the Company for the purposes of arriving at the revalued net asset value (“RNAV”) of the Group. Accordingly, we will not be able to comment on the expected future performance or prospects of PTC and/or the Group. However, we may draw upon the views of the Directors and/or the Management, to the extent deemed necessary and appropriate by us, in arriving at our opinion as set out in this letter.

In the course of our evaluation, we have held discussions with the Directors and the Management. We have also examined and relied on publicly available information in respect of the Group collated by us as well as information provided to us by the Company, including information in relation to the Offer. We have not independently verified such information furnished by the Directors and/or the Management or any representation or assurance made by them, whether written or verbal, and accordingly cannot and do not warrant or accept responsibility for the accuracy and/or completeness of such information, representation and/or assurance. Nevertheless, the Directors have confirmed to us, after making all reasonable enquiries that, to the best of their knowledge and belief, all material information relating to the Group has been disclosed to us, that such information constitutes a full and true disclosure, in all material respects, of all material facts about the Group in the context
of the Offer, and there is no material information the omission of which would make any of the information contained herein or in the Circular misleading in any material respect. The Directors have jointly and severally accepted such responsibility accordingly.

We have also made reasonable enquiries and exercised reasonable judgement in assessing such information and have found no reason to doubt the reliability of such information. We have further assumed that all statements of fact, belief, opinion and intention made by the Directors in relation to the Offer have been reasonably made after due and careful enquiry. We have not conducted a comprehensive review of the business, operations and financial condition of PTC and/or the Group or any of its associated or joint venture companies. We have also not made an independent valuation or appraisal of the assets and liabilities of the Group. However, we have been furnished with the summary of the independent valuation report of CBRE Pte. Ltd. (the “Independent Valuer”) commissioned by the Company, and issued by the Independent Valuer in connection with the assessed market value of the Group’s properties as at 11 October 2017 (the “Valuation Report Summary”). We are not experts and do not regard ourselves to be experts in the valuation of the properties, and we have taken into consideration the Valuation Report Summary prepared by the Independent Valuer.

In preparing this letter, we have not had regard to the specific investment objectives, financial situation, tax position and/or unique needs and constraints of any Shareholder. As different Shareholders would have different investment objectives, we would advise the Independent Directors to recommend that any individual Shareholder who may require specific advice in relation to his Shares should consult his stockbroker, bank manager, solicitor, accountant or other professional advisers.

This letter and our opinion are addressed to the Independent Directors solely for their benefit in connection with and for the purposes of their consideration of the Offer, and the recommendations made by them to the Shareholders with regard to the Offer shall remain the responsibility of the Independent Directors. Our opinion should not be relied on as a recommendation to, or confer any rights or remedies upon, any Shareholder as to what the Shareholder should do in relation to the Offer or any matters related thereto. Nothing herein shall confer or be deemed or is intended to confer, any right or benefit to any third party.

The Company has been separately advised in the preparation of the Circular (other than this letter). We were not involved and have not provided any advice, whether financial or otherwise, in the preparation, review and verification of this Circular (other than this letter). Accordingly, we do not take any responsibility for, and express no views on, whether expressed or implied, the contents of the Circular (other than this letter).

Our opinion in relation to the Offer should be considered in the context of the entirety of this letter and the Circular.

3 THE OFFER

The principal terms and conditions of the Offer are set out in Sections 2 and 3 of the Letter to Shareholders in the Offer Document. Shareholders are advised to read the terms and conditions of the Offer set out in the Offer Document carefully.
3.1 Offer

Based on the information set out in the Offer Document, UOB, for and on behalf of the Offeror, made the Offer to acquire the Offer Shares in accordance with Rule 15 of the Code and on the terms and subject to the conditions set out in the Offer Document.

(a) fully paid;

(b) free from all claims, charges, equities, mortgages, liens, pledges, encumbrances, rights of pre-emption and other third party rights and interests of any nature whatsoever (collectively, the “Encumbrances”); and

(c) together with all rights, benefits, entitlements and advantages attached thereto as at the Offer Announcement Date, and thereafter attaching thereto, including but not limited to the right to receive and retain all dividends, rights and other distributions declared, paid or made by the Company in respect of the Shares (collectively, the “Distributions”) (if any), the Record Date for which falls on or after the Offer Announcement Date.

In the event of any such Distributions on or after the Offer Announcement Date, the Offeror reserves the right to reduce the Offer Price payable to a Shareholder who validly accepts or has validly accepted the Offer by the amount of such Distribution.

3.5 Minimum Acceptance Condition

As stated in Section 2.5 of the Letter to Shareholders in the Offer Document, the Offer is conditional upon the Offeror having received, by the close of the Offer, valid acceptances in respect of such number of Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror and the parties acting in concert with it
(either before or during the Offer and pursuant to the Offer or otherwise), will result in the Offeror and the parties acting in concert with it holding such number of Shares carrying more than 50% of the voting rights attributable to the issued Shares (excluding any Shares held in treasury) as at the close of the Offer (the “Minimum Acceptance Condition”).

Poh Choon Ann (Pte.) Ltd. (“PCAPL”) and each of Poh Tiong Choon Holdings (Pte.) Ltd. (“PTCHPL”), Poh Sin Choon (Pte.) Ltd (“PSCPL”), Poh Choon Her Investment Pte. Ltd. (“PCHIPL”), Her Investment Pte. Accordingly, the Minimum Acceptance Condition of the Offer had been satisfied and the Offer was declared unconditional in all respects on the Offer Unconditional Date.

3.6 Revision of Terms of the Offer

As stated in Section 2.6 of the Letter to Shareholders in the Offer Document, the Offeror reserves the right to revise the terms of the Offer in accordance with the Code.

3.7 Warranty

As stated in Section 2.7 of the Letter to Shareholders in the Offer Document, a Shareholder who tenders his Offer Shares in acceptance of the Offer will be deemed to unconditionally and irrevocably represent, warrant and undertake to the Offeror that he sells such Offer Shares, as or on behalf of the beneficial owner(s) thereof, (a) fully paid, (b) free from all Encumbrances, and (c) together with all the rights, benefits, entitlements and advantages attached thereto as at the Offer Announcement Date and thereafter attaching thereto, including the right to receive and retain all Distributions (if any), the Record Date for which falls on or after the Offer Announcement Date.

5 INFORMATION ON THE OFFEROR AND THE CONSORTIUM MEMBERS

Please refer to Section 6 of the Letter to Shareholders in the Offer Document and Appendix 3 to the Offer Document for information on the Offeror and the Consortium Members, being Mr. Poh CA, PCAPL and TCL LP.

6 RATIONALE FOR THE OFFER AND THE OFFEROR’S INTENTIONS RELATING TO THE COMPANY

The details on the Offeror’s rationale for the Offer and intentions relating to the Company are set out in Sections 8 and 9 of the Letter to Shareholders in the Offer Document, which we have reproduced below:

“8. RATIONALE FOR THE OFFER

8.1 Intention to Delist and Privatise the Company. The Offeror is making the Offer with a view to delisting and privatising the Company.

8.2 Low Trading Liquidity. The trading volume of the Shares has been generally low, with an average daily trading volume of approximately 12,257 Shares, 24,086 Shares, 35,913 Shares and 79,201 Shares during the one (1)-month period, three (3)-month period, six (6)-month period and twelve (12)-month period respectively up to and including 19 September 2017, being the Last Trading Day. This represents only approximately 0.01%, 0.01%, 0.02% and 0.04% of the Shares respectively.

Hence, the Offer represents a clean cash exit opportunity for Shareholders to realise their entire investment without incurring brokerage and other trading costs, an option which may not otherwise be readily available due to the low trading liquidity of the Shares.

8.3 Opportunity for Shareholders to realise their investment in the Shares at a premium. The Offer Price represents a premium of approximately 32.5%, 43.2%, 48.7% and 58.1% over the VWAP per Share for the one (1)-month, three (3)-month, six (6)-month and 12-month period respectively up to and including 19 September 2016, being the last full day of trading of the Shares prior to the date of the announcement dated 23 September 2016 by the Company that the substantial shareholders of the Company will be seeking a strategic review relating to the Shares (the “Last Undisturbed Trading Day”).

8.4 Greater Management Flexibility. The Offeror is of the view that the delisting and privatisation of the Company will provide the Offeror and the Company with greater control and management flexibility in utilising and deploying the available resources of the Company and facilitating the implementation of any strategic initiatives and/or operational changes of the Group to achieve greater efficiency and competitiveness.
8.5 **Compliance Costs relating to Listing Status.** If the Company is delisted, the Company will be able to save on compliance costs associated with maintenance of a listed status and other regulatory requirements and human resources that have to be committed for such compliance and focus its resources and channel such expenses towards its business operations.

9. **THE OFFEROR’S INTENTIONS RELATING TO THE COMPANY**

Subsequent to the Closing Date and depending on the outcome of the Offer, the Offeror intends to undertake a review of the business of the Group with a view to identifying areas in which the strategic direction and operations of the Group can be enhanced. The Offeror retains the flexibility at any time to consider any options or opportunities in relation to the Group which may present themselves and which it may regard to be in the interests of the Company.  

Save as disclosed above, the Offeror presently has no intention to (a) introduce any major changes to the existing businesses of the Group, (b) re-deploy the fixed assets of the Group, or (c) discontinue the employment of existing employees of the Group, in each case, other than in the ordinary course of business.”

7 **EVALUATION OF THE FINANCIAL TERMS OF THE OFFER**

In our analysis and evaluation of the financial terms of the Offer, and our recommendation thereon, we have taken into consideration the following factors:

(a) Market quotation and historical trading activity of the Shares;

(b) Comparison with privatisation transactions for companies listed on the Singapore Exchange Securities Trading Limited (“SGX-ST”);

(c) Comparison of valuation measures of the Company against those of selected listed comparable companies;

(d) Comparison of comparable transactions involving similar logistics companies;

(e) Analysis of the Net Asset Value (”NAV”) and RNAV of the Group; and

(f) Other relevant considerations.

The factors above are discussed in more detail in the following sections.

7.1 **Market quotation and historical trading activity of the Shares**

We set out below a chart which shows the daily closing prices for the Shares and volume traded (excluding married trades) for the period from three (3) years prior to the Offer Announcement Date and up to the Latest Practicable Date. We have also marked dates during the given period where significant events occurred.

**Notes:**

1. The VWAP is calculated based on the closing price of the Shares and the traded volume for the relevant trading days for each of the periods. The respective last transacted prices of the Shares were used for the Last Undisturbed Trading Day, last trading day prior to the Offer Announcement Date, and the Latest Practicable Date.

2. The average daily trading volume of the Shares is calculated based on the total volume of Shares traded during the given period divided by the number of market days during that period.

3. Free float refers to the Shares other than those held by the Directors, substantial Shareholders and their associates (as defined in the SGX-ST Listing Manual), which amounts to approximately 70,470,316 Shares or equivalent to approximately 33.3% of the total issued share capital of the Company as at the Offer Announcement Date.

4. A trading halt was called on the morning of 20 September 2017 prior to the Offer Announcement on 20 September 2017 afternoon. As such, the last full trading day prior to the Offer Announcement is 19 September 2017.
We note the following:

(a) Over the last two years prior to and including the Last Undisturbed Trading Day, the market price of the Shares traded between a low of S$0.55 and a high of S$1.28;

(b) The Offer Price represents premiums of approximately 75.7%, 56.6%, 47.7%, 41.3%, and 30.0% over the VWAPs for the periods 2 years, 1 year, 6 months, 3 months and 1 month prior to and including the Last Undisturbed Trading Day, respectively;

(c) The Offer Price represents a premium of approximately 1.6% over the last transacted price on the Last Undisturbed Trading Day;

(d) Over the last two years prior to the Offer Announcement Date, the market price of the Shares traded between a low of S$0.68 and a high of S$1.47;

(e) The Offer Price represents premiums/(discounts) of approximately 11.1%, (2.3)%, (7.1)%, (3.0)%, and (0.8)% over/to the VWAPs for the periods 2 years, 1 year, 6 months, 3 months and 1 month prior to the Offer Announcement Date, respectively;

(f) The Offer Price represents a discount of approximately 1.5% to the last transacted price prior to the Offer Announcement Date;

(g) For the period following the Offer Announcement Date up to the Latest Practicable Date, Shares traded between S$1.29 and S$1.30 per Share. The Offer Price of S$1.30 is equivalent to the VWAP of the Shares over this period; and

(h) The last traded price as at the Latest Practicable Date of S$1.30 is equivalent to the Offer Price.

We have also considered the trading liquidity of the Shares. As at the Offer Announcement Date, the Company had a free float of approximately 70,470,316 Shares or equivalent to approximately 33.3% of the total issued Shares as at the Offer Announcement Date. We note the following:

(a) The average daily traded volume of the Shares for the periods 2 years, 1 year, 6 months, 3 months and 1 month prior to and including the Last Undisturbed Trading Day represents approximately 0.09%, 0.08%, 0.09%, 0.14% and 0.25% of the free float, respectively;

(b) The average daily traded volume of the Shares as at the Undisturbed Last Trading Day represents 0.94% of the free float;

(c) The average daily traded volume of the Shares for the periods 2 years, 1 year, 6 months, 3 months and 1 month prior to the Offer Announcement Date represents approximately 0.11%, 0.13%, 0.06%, 0.04% and 0.03% of the free float, respectively;

(d) The average daily traded volume of the Shares on the last trading date prior to the Announcement Date represents approximately 0.08% of the free float;
(e) The average daily traded volume of the Shares for the period following the Offer Announcement Date up to the Latest Practicable Date represents approximately 0.29% of the free float and the traded volume of the Shares on the Latest Practicable Date represents approximately 0.28% of the free float.

The past liquidity of the Shares, particularly for the period after the Offer Announcement Date, should not be relied upon in any way as an indication of the future liquidity of the Shares. We wish to highlight that there is no assurance that the liquidity of the Shares will remain at the same level after the Offer closes.

In order to assess the market price performance of the Shares vis-à-vis the general price performances of the Singapore equity market in general, we have compared the market movement of the Shares against the FTSE Straits Times Index (“FSSTI”) for the period from three years prior to the Offer Announcement Date and up to the Latest Practicable Date.

We note that the Shares had outperformed the FSSTI in relative terms over the period between the Last Undisturbed Trading Day and the Latest Practicable Date.

We wish to highlight that the analysis on the historical trading performance of the Shares serves only as an illustrative guide and is not an indication of the future trading performance of the Shares.

7.2 Comparison with privatisation transactions for companies listed on the SGX-ST

In assessing the reasonableness of the Offer Price, we have also examined recent similar transactions by listed companies on the SGX-ST Main Board involving successful privatization transactions announced and completed in the period between 1 January 2016 and the Latest Practicable Date, and wherein the offerors had indicated their intentions to privatise the target companies (the “Precedent Privatisation Transactions”). Privatisation transactions of companies listed on the SGX-ST are generally carried out by way of voluntary general offer under the Code (“VGO”), mandatory general offer under the Code (“MGO”),
scheme of arrangement under Section 210 of the Companies Act (“SOA”), or voluntary
delisting under Rule 1307 of the SGX-ST Listing Manual (“VD”). Our analysis of the
Precedent Privatisation Transactions is to illustrate the premiums/discounts represented by
each of the respective offer prices over/to the traded prices prior to the announcements of
such Precedent Privatisation Transactions.

The Independent Directors and Shareholders should note that due to the differences in, *inter alia*, business activities, scale of operations, geographical spread of activities, track record
and future prospects, accounting standards and policies, any comparison made with respect
to the Precedent Privatisation Transactions are for illustrative purposes only. The Precedent
Privatisation Transactions are not directly comparable to the terms and conditions of the
Offer. The premium any offeror is prepared to pay for in any particular offer transaction
depends on various factors, including prevailing market conditions and general economic
and business risks. The conclusions drawn from such comparisons, therefore, may not
necessarily reflect the perceived or implied market valuation for the Company. In addition, we
wish to highlight that the list of Precedent Privatisation Transactions is by no means
exhaustive and information relating to the Precedent Privatisation Transactions was
compiled from publicly available information.

PTC – Implied by the Offer Price and based on Share prices prior to and including the Last Undisturbed Trading Day

- 1.6 30.1 41.3 47.1 56.8

**Source:** Capital IQ, company circulars and company reports

**Note:**

(1) Market premium/discount is calculated based on the share price on either the last trading day or unaffected day for the given periods, as defined in the respective circulars.

We have based our evaluation on the Precedent Privatisation Transactions on the Share prices in relation to the Last Undisturbed Trading Day, as the trading price of the Shares may have been influenced following the Board’s announcement on 23 September 2016 that the Company’s substantial shareholders were considering a strategic review of their Shares in the Company. We note the following with regard to the Precedent Privatisation Transactions:

(a) the premium of 1.6% implied by the Offer Price against the last transacted price of the Shares prior to and including the Last Undisturbed Trading Day is below the range of premiums of the Precedent Privatisation Transactions;

(b) the premium of 30.1% implied by the Offer Price against the 1-month VWAP of the Shares prior to the Last Undisturbed Trading Day is within the range of premiums, and above the average and median premiums of the Precedent Privatisation Transactions;

(c) the premium of 41.3% implied by the Offer Price against the 3-month VWAP of the Shares prior to the Last Undisturbed Trading Day is within the range of premiums, and above the median and average premiums of the Precedent Privatisation Transactions; and

(d) the premium of 47.1% and 56.8% implied by the Offer Price against the 6-month and 12-month VWAPs of the Shares prior to the Last Undisturbed Trading Day are within the respective ranges of premiums, and are above the median premium of the Precedent Privatisation Transactions.
7.3 Comparison of valuation measures of the Company against those of selected listed comparable companies

In our evaluation, we have considered the following widely used valuation measures:

<table>
<thead>
<tr>
<th>Valuation Measure</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Enterprise Value-to-Earnings before Interests, Taxes,</td>
<td>EV refers to enterprise value which is the sum of a company’s market capitalisation, preferred equity, minority interests, short-term and long-term debts (inclusive of finance leases), less its cash and cash equivalents.</td>
</tr>
<tr>
<td>Depreciation and Amortisation Ratio (&quot;EV/EBITDA Ratio&quot;)</td>
<td>EBITDA refers to the historical consolidated earnings before interests, taxes, depreciation and amortisation.</td>
</tr>
<tr>
<td>Price-to-Earnings Ratio (&quot;P/E Ratio&quot;)</td>
<td>P/E Ratio or earnings multiple is the ratio of a company’s market capitalisation divided by the historical consolidated net profit attributable to shareholders.</td>
</tr>
<tr>
<td>Price-to-NAV Ratio (&quot;P/NAV Ratio&quot;)</td>
<td>NAV refers to consolidated net asset value, which is calculated as total assets of a company less total liabilities.</td>
</tr>
<tr>
<td></td>
<td>P/NAV Ratio refers to the ratio of a company’s share price divided by net asset value per share.</td>
</tr>
</tbody>
</table>

Based on our discussions with the Management and a search for comparable listed companies on Capital IQ, OneSource and other available databases, we recognise that there is no particular listed company that we may consider to be directly comparable to PTC in terms of the composition of the business activities, company size, scale of operations, service range, customer base, risk profile, geographical spread of activities, accounting standards and policies used, and such other relevant criteria. However, after discussions with the Management, we have selected companies which we think match PTC in terms of revenues, being logistics services companies, which include trucking and supply chain management services such as procurement, inventory management, and packing (the "Comparative Companies").

The Independent Directors and Shareholders should note that any comparison made with respect to the Comparable Companies is for illustrative purposes only as there is no one company with the exact scope of business and using the exact accounting policies and standards as those of PTC. The conclusions drawn from such comparisons, therefore, may not necessarily reflect the perceived or implied market valuation of PTC as at the Latest Practicable Date. In addition, we wish to highlight that the list of Comparable Companies is by no means exhaustive.
Accordingly, for the purposes of our evaluation, we have considered the following Comparable Companies whose activities, in our view (and as explained above), are broadly comparable to those of PTC:

(6) n.m. – Not Meaningful.

(A) Comparison of EV/EBITDA Ratios

The EV/EBITDA Ratio illustrates the ratio of the market value of an entity’s business in relation to its historical pre-tax operating cashflow performance and disregards the entity’s existing capital structure.

We note that the range of the Comparable Companies’ EV/EBITDA Ratios is between 7.8 times and 27.3 times, while the average and median EV/EBITDA Ratios are 14.1 times and 12.0 times, respectively.

The EV/EBITDA Ratio of the Company implied by the Offer Price of 11.8 times is within the range of the EV/EBITDA Ratios of the Comparable Companies, and below the average and median EV/EBITDA Ratios of the Comparable Companies.

(B) Comparison of P/E Ratios

The P/E Ratio illustrates the ratio of the market capitalisation of an entity in relation to the historical net profit attributable to its shareholders.

We note that the range of the Comparable Companies’ P/E Ratios is between 1.9 times and 27.2 times, while the average P/E Ratio is 17.1 times, and the median P/E Ratio is 16.6 times.

The P/E Ratio of the Company implied by the Offer Price of 23.0 times is within the range of the P/E Ratios of the Comparable Companies, and above the average and median P/E Ratios of the Comparable Companies.
(C) Comparison of P/NAV Ratios

The P/NAV Ratio represents an asset-based relative valuation which takes into consideration the net tangible assets of a company.

We note that for the Comparable Companies as at the Latest Practicable Date, the range of P/NAV Ratios is between 0.5 times and 4.7 times, while the average P/NAV Ratio is 2.0 times, and the median P/NAV Ratio is 1.6 times.

The P/NAV Ratio of the Company implied by the Offer Price of 3.1 times is within the range of the P/NAV Ratios of the Comparable Companies, and above the average and median P/NAV Ratios of the Comparable Companies.

Further analysis on the NAV and RNAV of the Group and the premium implied by the Offer Price to the NAV and RNAV of the Group are discussed in Section 7.5 of this letter.

7.4 Comparable Transactions

We have also examined recent similar transactions involving logistics companies (the “Comparable Transactions”) announced and completed in the period five (5) years prior to the Offer Announcement Date up to the Latest Practicable Date, with the acquisition of majority interests in the target companies. Our analysis of the Comparable Transactions is to illustrate how the valuation multiples, namely EV/EBITDA Ratio and P/E Ratio, as implied by the transaction consideration compare against the respective valuation multiples as implied by the Offer Price for the Company.

The Independent Directors and Shareholders should note that due to the differences in, *inter alia*, business activities, scale of operations, geographical spread of activities, track record and future prospects, accounting standards and policies, any comparison made with respect to the Comparable Transactions is for illustrative purposes only. The Comparable Transactions are not directly comparable to the terms and conditions of the Offer. The premium any acquirer is prepared to pay for in any particular transaction depends on various factors, including prevailing market conditions, and general economic and business risks. The conclusions drawn from such comparisons, therefore, may not necessarily reflect the perceived or implied market valuation for the Company. In addition, we wish to highlight that the list of Comparable Transactions is by no means exhaustive and pieces of information relating to the Comparable Transactions were compiled from publicly available information.

The P/E Ratio of the Company implied by the Offer Price of 23.0 times is above the range of P/E Ratios of the Comparable Transactions.

7.5 Analysis of the NAV and RNAV of the Group

In an NAV-based valuation, a valuation analysis is performed for a company’s identified fixed, financial and other assets. The derived aggregate value of these assets is then “netted” against the estimated value of all existing liabilities, resulting in an indication of the value of the shareholders’ equity.

The net asset backing method is appropriate when the entity being valued is predominantly an investment company which does not carry on any business operations of a commercial nature. The method is also appropriate where (i) the entity’s business is to cease operations, and/or (ii) the entity intends to convert the uses of all or most of its assets. This method may ignore the ability of the asset base of the entity to generate ongoing future earnings and sustain an earnings-based valuation.

In this regard and as set out in Section 9 of the Letter to Shareholders in the Offer Document, we note that the Offeror’s intentions relating to the Group are as follows:

“Subsequent to the Closing Date and depending on the outcome of the Offer, the Offeror intends to undertake a review of the business of the Group with a view to identifying areas in which the strategic direction and operations of the Group can be enhanced. The Offeror retains the flexibility at any time to consider any options or opportunities in relation to the Group which may present themselves and which it may regard to be in the interests of the Company.

Save as disclosed above, the Offeror presently has no intention to (a) introduce any major changes to the existing businesses of the Group, (b) re-deploy the fixed assets of the Group, or (c) discontinue the employment of existing employees of the Group, in each case, other than in the ordinary course of business.”

Given the above, we have deemed that the following asset-based analyses would not be the primary consideration in our overall evaluation of the Offer and should be regarded for illustrative purposes only.
The NAV, which is reflected in a company’s financial statements, is calculated as total assets less all liabilities, and determined by relevant accounting policies and procedures. The RNAV figures takes into account adjustments to a company’s principal assets based on their estimated current market values.

Based on the Company’s unaudited consolidated financial statements as at 30 June 2017, the unaudited NAV of the Group was about S$88.9 million or approximately S$0.42 per Share. We note that the Offer Price represents a premium of approximately 209.5% to the unaudited NAV as at 30 June 2017 or a P/NAV Ratio of 3.1 times.

We have also taken into consideration whether there are any factors which, based on applicable accounting standards and policies, have not been disclosed in the Group’s announced financial results that may have a material impact on the unaudited NAV of the Group as at 30 June 2017. The Management and the Directors have confirmed that, save as disclosed in the unaudited financial statements of the Group as at 30 June 2017 and to the best of their knowledge, there is no material information undisclosed in accordance with the applicable accounting standards and policies (including any asset impairment, surplus in revaluation and material contingent liabilities) that may materially impact the NAV of the Group as at the Latest Practicable Date.

In our review of the unaudited balance sheet of the Group as at 30 June 2017, we have also considered whether there are any intangible assets that would not appear in the valuation based on the unaudited NAV of the Group as at 30 June 2017. The Management and the Directors have confirmed that, save as disclosed and to the best of their knowledge, there are no intangible assets which should be disclosed in the balance sheet of the Group in accordance with the applicable accounting standards and policies as at the Latest Practicable Date.

We have also taken into consideration any tangible asset of the Group that should be valued and reflected at a different amount from the amount that is recorded in the unaudited financial statements as at 30 June 2017.

The Company has appointed the Independent Valuer to conduct, in connection with the Offer, an independent valuation of the Group’s properties (the “Properties”). The Valuation Report Summary dated 11 October 2017 is set out as Appendix G to the Offeree Circular.

We note that the valuation is the Independent Valuer’s opinion on the market value of the Properties, which, as set out in the Valuation Report Summary, is intended to mean “the estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm’s length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.”
For illustrative purposes only, as set out in the Valuation Report Summary, the market values of the Properties are as follows:

Total Market Value 330,200,000

Revaluation Surplus 151,200,000

Source: CBRE’s Valuation Report Summary dated 11 October 2017, Company

With reference to Property 5 above (48 Pandan Road (Phases 1 & 2)), we note that the warehouse and office property is currently being developed and will comprise a single-user warehouse development with a block of 6-storey ramp-up warehouse building with ancillary office and other ancillary facilities. The Temporary Occupation Permit (“TOP”) for Phase 1 was issued in May 2016, while Phase 2 is currently under construction with expected issue date of TOP in 2018. We note that the market value of Property 5, if valued assuming the warehouse and office facilities have been completed and developed to its maximum development potential, would amount to approximately S$219.0 million.

We note that, based on information provided by the Company, the potential tax liabilities that may be incurred by the Group on the hypothetical disposal of the Properties on an “as is” basis amount to approximately S$4.6 million. The aforesaid tax liabilities will not crystallise if the Group does not dispose of its interests in the Properties. We also note the Company’s confirmation that it has no current plans to dispose of its interests in the Properties. Further, we note that the Group has to abide by certain sale restrictions under the land lease agreements of certain Properties. As such, the aforesaid tax liabilities are not likely to crystallise. The market values as shown in the table above exclude such potential tax liabilities.

For discussion purposes only, the unaudited RNAV of the Group is approximately S$235.5 million or S$1.11 per Share as computed by the Management, after taking into account adjustments due to the revaluation of the Properties as set out in the Valuation Report Summary, estimated total development cost for Phase 2 of the property located at 48 Pandan Road (Property 5 above) as at the Latest Practicable Date, and the potential tax liabilities that would arise if the Properties were to be sold at the amount of the valuation as set out in the Valuation Report Summary. Based on the unaudited balance sheet of the Group as at
30 June 2017, the NAV of the Group is approximately S$88.9 million or approximately S$0.42 per Share. Based on the unaudited RNAV per Share of approximately S$1.11 above, the Offer Price represents a premium of approximately 17.1%.

In the table below, we have set out the adjustments which were made in determining the RNAV of the Group.

| Group’s unaudited NAV (as at 30 Jun 2017) | 88,913 |
| Add: Revaluation surplus arising from the revalued Properties | 151,200 |
| Less: Potential tax liabilities (that would arise if the Properties were to be sold) | 4,600 |
| **RNAV of the Group (as at 30 Jun 2017)** | **235,513** |

Source: Company management

While the unaudited RNAV is a relevant basis for comparison, the Independent Directors should note that it is not necessarily a realisable value as the market value of the Properties and any tax liabilities arising from the sale of the Properties may vary depending on prevailing market and economic conditions.

7.6 Other Relevant Considerations

We have also considered the following in our evaluation of the Offer:

(a) Intention of the Offeror regarding the listing status of the Company

The details on the Offeror’s intention with regard to the listing status of the Company are set out in Sections 8 and 10 of the Letter to Shareholders in the Offer Document.

We note that Offeror has stated that it is making the Offer with a view to delisting and privatising the Company.

With regard to Compulsory Acquisition pursuant to Section 215(1) of the Companies Act, we note that as set out in Section 10.1 of the Letter to Shareholders in the Offer Document, “the Offeror intends to exercise its right to compulsorily acquire all the Offer Shares not acquired under the Offer. The Offeror will then proceed to delist the Company from SGX-ST.”

Further, as set out in Section 10.2 of the Letter to Shareholders in the Offer Document on the listing status, “the Offeror intends to privatisé the Company and does not intend to preserve the listing status of the Company. In the event that the trading of Shares on the SGX-ST is suspended pursuant to Rule 724, Rule 1105 or Rule 1305(1) of the Listing Manual, the Offeror has no intention to undertake or support any action for any such trading suspension by the SGX-ST to be lifted.”
We wish to highlight that there is no assurance that the Company will remain listed on the SGX-ST and no guarantee that the Shares will continue to be traded on the SGX-ST after the close of the Offer. As such, Shareholders who do not accept the Offer may encounter lower trading liquidity and/or face difficulties in selling their Shares after the close of the Offer.

(b) The Offer has turned unconditional

The Offer was declared unconditional in all respects on 12 October 2017 by UOB, for and on behalf of the Offeror. As at the Offer Unconditional Date, the Offeror has received valid acceptances of the Offer which result in the Offeror holding such number of Shares carrying more than 50% of the voting rights attributable to the total number of issued Shares (excluding Shares held in treasury).

As at the Latest Practicable Date, the total number of (a) Shares owned, controlled or agreed to be acquired by the Offeror, and (b) valid acceptances to the Offer, amount to an aggregate of 143,606,000 Shares, representing approximately 67.76% of the total number of issued Shares as at the Latest Practicable Date.

(c) Revision of terms of the Offer

We note that as stated in Section 2.6 of the Letter to Shareholders in the Offer Document, the Offeror reserves the right to revise the terms of the Offer in accordance with the Code.

(d) The Offer is the only offer available to Shareholders

We understand from the Directors that, as at the Latest Practicable Date, there is no alternative or competing offer made for the Shares that is available to Shareholders. We also note that there is no publicly available evidence of an alternative or competing offer for the Shares from any other party as at the Latest Practicable Date. Further, given that the Offer is considered to be unconditional as at the Latest Practicable Date, any offer made by any other party would likely not be successful.

8 OUR ADVICE ON THE OFFER

In arriving at our advice on the Offer, we have reviewed and deliberated on the factors which we consider to be relevant and to have a significant bearing on our assessment of the Offer. The factors we have considered in our evaluation, which are discussed in detail in the earlier sections of this letter and which we have relied upon, are as follows:

(a) The premiums implied by the Offer Price. For the two-year period prior to the Last Undisturbed Trading Day, the Company’s Share price traded below the Offer Price of S$1.30 per Share for the entire period. Over the last two years prior to and including the Last Undisturbed Trading Day, the market price of the Shares traded between a low of S$0.55 per Share and a high of S$1.28 per Share.
The Offer Price represents premiums of approximately 75.7%, 56.6%, 47.7%, 41.3%, and 30.0% over the VWAPs for the periods 2 years, 1 year, 6 months, 3 months and 1 month prior to and including the Last Undisturbed Trading Day, respectively, and a premium of approximately 1.6% over the last transacted price on the Last Undisturbed Trading Day.

The Offer Price represents discounts of approximately 2.3%, 7.1%, 3.0% and 0.8% to the VWAPs for the periods 1 year, 6 months, 3 months and 1 month prior to the Offer Announcement Date, and a discount of approximately 1.5% to the last transacted price prior to the Offer Announcement Date.

For the period following the Offer Announcement Date up to the Latest Practicable Date, Shares traded between S$1.29 per Share and S$1.30 per Share. The VWAP of the Shares over this period is equivalent to the Offer Price of S$1.30 per Share.

(b) The liquidity of the Shares. The average daily traded volume of the Shares for the periods 2 years, 1 year, 6 months, 3 months and 1 month prior to and including the Last Undisturbed Trading Day represents approximately 0.09%, 0.08%, 0.09%, 0.14% and 0.25% of the free float as at the Offer Announcement Date, respectively.

The average daily traded volume of the Shares for the periods 1 year, 6 months, 3 months and 1 month prior to the Offer Announcement Date represents approximately 0.13%, 0.06%, 0.04% and 0.03% of the free float as at the Offer Announcement Date.

The average daily traded volume of the Shares for the period following the Offer Announcement Date up to the Latest Practicable Date represents approximately 0.29% of the free float as at the Offer Announcement Date.

(c) Price performance of the Shares against the Singapore equity market. Over the last three years prior to the Offer Announcement Date and up to the Latest Practicable Date, the Shares had outperformed the FSSTI in relative terms.

(d) Comparison with privatisation transactions of companies listed on the SGX-ST. The premium of 1.6% implied by the Offer Price against the last transacted price of the Shares prior to and including the Last Undisturbed Trading Day is below the range of premiums of the Precedent Privatisation Transactions.

The premiums of 30.1%, 41.3%, 47.1 and 56.8% implied by the Offer Price against the 1-month, 3-month, 6-month and 12-month VWAPs of the Shares prior to the Last Undisturbed Trading Day are within the respective ranges of premiums and above the average and median premiums of the Precedent Privatisation Transactions.

(e) Comparison of valuation measures of the Company against those of the Comparable Companies. The Shares, as implied by the Offer Price of S$1.30, trade at an EV/EBITDA Ratio, P/E Ratio and P/NAV Ratio of 11.8 times, 23.0 times and 3.1 times, respectively.

The EV/EBITDA Ratio implied by the Offer Price is within the range of the EV/EBITDA Ratios of the Comparable Companies, but is below the average and median EV/EBITDA Ratios of the Comparable Companies.
The P/E Ratio implied by the Offer Price is within the range, and above both the average and median P/E Ratios of the Comparable Companies.

The P/NAV Ratio implied by the Offer Price is within the range of the P/NAV Ratios of the Comparable Companies, and above both the average and median P/NAV Ratios of the Comparable Companies.

(f) **Comparison of valuation measures implied by the Offer Price against those of Comparable Transactions.** The EV/EBITDA Ratio of the Company implied by the Offer Price of 11.8 times is above the range of EV/EBITDA Ratios of the Comparable Transactions.

The P/E Ratio of the Company implied by the Offer Price of 23.0 times is above the range of P/E Ratios of the Comparable Transactions.

(g) **Analysis of the RNAV of the Group.** The Offer Price represents a premium of approximately 17.1% over the unaudited RNAV of the Group as at the Latest Practicable Date. While the unaudited RNAV is a relevant basis for comparison, it is not necessarily a realisable value as the market value of the Properties and any tax liabilities arising from the sale of the Properties may vary depending on prevailing market and economic conditions.

(h) **Offeror’s intentions for the Group.** The Offeror has stated that it is making the Offer with a view to delisting and privatising the Company.

(i) **The Offer has turned unconditional.** The Offer was declared unconditional in all respects on the Offer Unconditional Date. As at the Latest Practicable Date, the total number of (a) Shares owned, controlled or agreed to be acquired by the Offeror, and (b) valid acceptances to the Offer, amount to an aggregate of 143,606,000 Shares, representing approximately 67.76% of the total number of issued Shares as at the Latest Practicable Date.

(j) **Revision of terms of the Offer.** As set out in the Offer Document, the Offeror has stated that it reserves the right to revise the terms of the Offer in accordance with the Code.

(k) **The Offer is the only offer available to Shareholders.** As at the Latest Practicable Date, there is no alternative or competing offer made for the Shares that is available to Shareholders.

In arriving at our conclusion, we have considered the information available to us as at the Latest Practicable Date.

**After having considered carefully the information available to us as at the Latest Practicable Date, we are of the view that the Offer is fair and reasonable from a financial point of view. Accordingly, we advise the Independent Directors to recommend that Shareholders accept the Offer.**
We note that on 12 October 2017, being the Offer Unconditional Date, the Offeror announced that it has received valid acceptances of the Offer in respect of more than 50% of the voting rights attributable to the maximum potential issued Shares in the capital of PTC. Accordingly, the Offer has become unconditional as to acceptances and has been declared unconditional in all respects.

Shareholders may wish to sell their Shares in the open market if they are able to obtain a price higher than the Offer Price, net of related expenses (such as brokerage and trading costs). We also advise the Independent Directors to consider highlighting to the Shareholders that there is no assurance that the price of the Shares will remain at current levels after the close of the Offer and the current price performance of the Shares is not indicative of the future price performance levels of the Shares.

The Independent Directors should note that we have arrived at our recommendation based on information made available to us prior to, and including, the Latest Practicable Date. Our advice on the Offer cannot and does not take into account any subsequent developments after the Latest Practicable Date, including future trading activity or price levels of the Shares, as these are governed by factors beyond the scope of our review, and would not fall within our terms of reference in connection with our evaluation of the Offer.

This letter is addressed to the Independent Directors for their benefit, in connection with and for the purposes of their consideration of the Offer. The recommendations made by the Independent Directors to the Shareholders in respect of the Offer shall remain their responsibility. A copy of this letter may be reproduced in the Circular.

Whilst a copy of this letter may be reproduced in the Circular, neither the Company nor the Directors may reproduce, disseminate or quote this letter (or any part thereof) for any purpose other than in relation to the Offer at any time and in any manner without the our prior written consent in each specific case.

This opinion is governed by, and construed in accordance with, the laws of Singapore, and is strictly limited to the matters stated herein and does not apply by implication to any other matter.

Yours faithfully

(c) (subject to any direction to the contrary that may be given by the Company in General Meeting) any issue of shares for cash to members holding shares of any class shall be offered to such members in proportion as nearly as may be to the number of shares of such class then held by them and the provisions of the second sentence of Article 8(A) with such adaptations as are necessary shall apply; and

(d) any other issue of shares, the aggregate of which would exceed the limits referred to in Article 8(B), shall be subject to the approval of the Company in General Meeting.

To every such separate General Meeting all the provisions of these presents relating to General Meetings of the Company and to the proceedings thereat shall mutatis mutandis apply, except that the necessary quorum shall be two persons at least holding or representing by proxy at least one-third in nominal value of the issued shares of the class and that any holder of shares of the class present in person or by proxy may demand a poll and that every such holder shall on a poll have one vote for every share of the class held by him, provided always that where the necessary majority for such a Special Resolution is not obtained at such General Meeting, consent in writing if obtained from the holders of three-quarters in nominal value of the issued shares of the class concerned within two months of such General Meeting shall be as valid and effectual as a Special Resolution carried at such General Meeting. APPENDIX D: RELEVANT PROVISIONS OF THE CONSTITUTION OF THE COMPANY

(B) Notwithstanding Article 8(A), the Company may by Ordinary Resolution in General Meeting give to the Directors a general authority, either unconditionally or subject to such conditions as may be specified in the Ordinary Resolution, to issue shares (whether by way of rights, bonus or otherwise) where:–

(a) the aggregate number of shares to be issued pursuant to such authority does not exceed 50% (or such other limit as may be prescribed by the Stock Exchange of Singapore Limited) of the issued share capital of the Company for the time being, of which the aggregate number of shares to be issued other than on a pro-rata basis to shareholders of the Company does not exceed 20% (or such other limit as may be prescribed by the Stock Exchange of Singapore Limited) of the issued share capital of the Company for the time being; and

(b) unless previously revoked or varied by the Company in General Meeting, such authority to issue shares does not continue beyond the conclusion of the Annual General Meeting of the Company next following the passing of the Ordinary Resolution or the date by which such Annual General Meeting is required to be held, or the expiration of such other period as may be prescribed by the Statutes (whichever is the earliest).

(C) Except so far as otherwise provided by the conditions of issue or by these presents, all new shares shall be subject to the provisions of the Statutes and of these presents with reference to allotment, payment of calls, lien, transfer, transmission, forfeiture and otherwise.

9. The Company may by Ordinary Resolution:–

(a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

(b) cancel any shares which, at the date of the passing of the resolution, have not been taken, or agreed to be taken, by any person and diminish the amount of its capital by the amount of the shares so cancelled;

(c) sub-divide its shares, or any of them, into shares of smaller amount than is fixed by the Memorandum of Association (subject, nevertheless, to the provisions of the Statutes), and so that the resolution whereby any share is sub-divided may determine that, as between the holders of the shares resulting from such sub-division, one or more of the shares may, as compared with the others, have any such preferred, deferred or other special rights. or be subject to any such restrictions, as the Company has power to attach to unissued or new shares; and

(d) subject to the provisions of the Statutes, convert any class of shares into any other class of shares.
10. **(A)** The Company may reduce its share capital or any capital redemption reserve fund, share premium account or other undistributable reserve in any manner and with and subject to any incident authorised and consent required by law.

**(B)** The Company may, subject to and in accordance with the Statutes, purchase or otherwise acquire shares in the issued share capital of the Company on such terms and in such manner as the Company may from time to time think fit. Any share that is so purchased or acquired by the Company shall be deemed to be cancelled immediately on purchase or acquisition. On the cancellation of a share as aforesaid, the rights and privileges attached to that share shall expire, and the nominal amount of the issued share capital of the Company shall be diminished by the nominal amount of the share so cancelled.

**SHARES**

11. Except as required by law, no person shall be recognised by the Company as holding any share upon any trust, and the Company shall not be bound by or compelled in any way to recognise any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these presents or by law otherwise provided) any other right in respect of any share, except an absolute right to the entirety thereof in the person (other than the Depository) entered in the Register of Members as the registered holder thereof or (as the case may be) the person whose name is entered in the Depository Register in respect of that share.

12. Without prejudice to any special rights previously conferred on the holders of any shares or class of shares for the time being issued, any share in the Company may be issued with such preferred, deferred or other special rights, or subject to such restrictions, whether as regards dividend, return of capital, voting or otherwise, as the Company may from time to time by Ordinary Resolution determine (or, in the absence of any such determination, as the Directors may determine) and subject to the provisions of the Statutes, the Company may issue preference shares which are, or at the option of the Company are liable, to be redeemed.

13. Subject to the provisions of these presents and of the Statutes relating to authority, pre-emption rights and otherwise and of any resolution of the Company in General Meeting passed pursuant thereto, all unissued shares shall be at the disposal of the Directors and they may allot (with or without conferring a right of renunciation), grant options over or otherwise dispose of them to such persons, at such times and on such terms as they think proper.

14. The Company may exercise the powers of paying commissions conferred by the Statutes to the full extent thereby permitted provided that the rate or amount of the commissions paid or agreed to be paid shall be disclosed in the manner required by the Statutes. Such commissions may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in one way and partly in the other. The Company may also on any issue of shares pay such brokerage as may be lawful.
15. Subject to the terms and conditions of any application for shares, the Directors shall allot shares applied for within ten market days of the closing date (or such other period as may be approved by any Stock Exchange upon which the shares in the Company may be listed) of any such application. “Market day” shall have the meaning ascribed to it in Article 18. The Directors may, at any time after the allotment of any share but before any person has been entered in the Register of Members as the holder or (as the case may be) before that share is entered against the name of a Depositor in the Depository Register, recognise a renunciation thereof by the allottee in favour of some other person and may accord to any allottee of a share a right to effect such renunciation upon and subject to such terms and conditions as the Directors may think fit to impose.

CALLS ON SHARES

21. The Directors may from time to time make calls upon the members in respect of any moneys unpaid on their shares (whether on account of the nominal value of the shares or, when permitted, by way of premium) but subject always to the terms of issue of such shares. A call shall be deemed to have been made at the time when the resolution of the Directors authorising the call was passed and may be made payable by instalments.

22. Each member shall (subject to receiving at least 14 days' notice specifying the time or times and place of payment) pay to the Company at the time or times and place so specified the amount called on his shares. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof. A call may be revoked or postponed as the Directors may determine.

23. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest on the sum from the day appointed for payment thereof to the time of actual payment at such rate (not exceeding ten per cent. per annum) as the Directors determine but the Directors shall be at liberty in any case or cases to waive payment of such interest wholly or in part.

24. Any sum (whether on account of the nominal value of the share or by way of premium) which by the terms of issue of a share becomes payable upon allotment or at any fixed date shall for all the purposes of these presents be deemed to be a call duly made and payable on the date on which by the terms of issue the same becomes payable. In case of non-payment all the relevant provisions of these presents as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

25. The Directors may on the issue of shares differentiate between the holders as to the amount of calls to be paid and the times of payment.

26. The Directors may if they think fit receive from any member willing to advance the same, all or any part of the moneys (whether on account of the nominal value of the shares or by way of premium) uncalled and unpaid upon the shares held by him and such payment in advance of calls shall extinguish pro tanto the liability upon the shares in respect of which it is made and upon the money so received (until and to the extent that the same would but for such advance become payable) the Company may pay interest at such rate (not exceeding eight per cent. per annum) as the member paying such sum and the Directors may agree. Capital paid on shares in advance of calls shall not while carrying interest confer a right to participate in profits.
FORFEITURE AND LIEN

27. If a member fails to pay in full any call or instalment of a call on the due date for payment thereof, the Directors may at any time thereafter serve a notice on him requiring payment of so much of the call or instalment as is unpaid together with any interest which may have accrued thereon and any expenses incurred by the Company by reason of such non-payment.

28. The notice shall name a further day (not being less than 14 days from the date of service of the notice) on or before which and the place where the payment required by the notice is to be made, and shall state that in the event of non-payment in accordance therewith the shares on which the call has been made will be liable to be forfeited.

29. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which such notice has been given may at any time thereafter, before payment of all calls and interest and expenses due in respect thereof has been made, be forfeited by a resolution of the Directors to that effect. Such forfeiture shall include all dividends declared in respect of the forfeited share and not actually paid before forfeiture. The Directors may accept a surrender of any share liable to be forfeited hereunder.

30. A share so forfeited or surrendered shall become the property of the Company and may be sold, re-allotted or otherwise disposed of either to the person who was before such forfeiture or surrender the holder thereof or entitled thereto or to any other person upon such terms and in such manner as the Directors shall think fit and at any time before a sale, re-allotment or disposition the forfeiture or surrender may be cancelled on such terms as the Directors think fit. The Directors may, if necessary, authorise some person to transfer or effect the transfer of a forfeited or surrendered share to any such other person as aforesaid.

31. A member whose shares have been forfeited or surrendered shall cease to be a member in respect of the shares but shall notwithstanding the forfeiture or surrender remain liable to pay to the Company all moneys which at the date of forfeiture or surrender were presently payable by him to the Company in respect of the shares with interest thereon at eight per cent. per annum (or such lower rate as the Directors may determine) from the date of forfeiture or surrender until payment and the Directors may at their absolute discretion enforce payment without any allowance for the value of the shares at that time of forfeiture or surrender or waive payment in whole or in part.

32. The Company shall have a first and paramount lien on every share (not being a fully paid share) for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such share and for all moneys as the Company may be called upon by law to pay in respect of the shares of the member or deceased member. The Directors may waive any lien which has arisen and may resolve that any share shall for some limited period be exempt wholly or partially from the provisions of this Article.

33. The Company may sell in such manner as the Directors think fit any share on which the Company has a lien, but no sale shall be made unless some sum in respect of which the lien exists is presently payable nor until the expiration of 14 days after a notice in writing stating and demanding payment of the sum presently payable and giving notice of intention to sell in default shall have been given to the holder for the time being of the share or the person entitled thereto by reason of his death or bankruptcy.
APPENDIX D: RELEVANT PROVISIONS OF THE CONSTITUTION OF THE COMPANY

34. The net proceeds of such sale after payment of the costs of such sale shall be applied in or towards payment or satisfaction of the debts or liabilities and any residue shall be paid to the person entitled to the shares at the time of the sale or to his executors, administrators or assigns, as he may direct. For the purpose of giving effect to any such sale the Directors may authorise some person to transfer or effect the transfer of the shares sold to the purchaser.

35. A statutory declaration in writing that the declarant is a Director or the Secretary of the Company and that a share has been duly forfeited or surrendered or sold to satisfy a lien of the Company on a date stated in the declaration shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share. Such declaration and the receipt of the Company for the consideration (if any) given for the share on the sale, re-allotment or disposal thereof together (where the same be required) with the share certificate delivered to a purchaser (or where the purchaser is a Depositor, to the Depository) or allottree thereof shall (subject to the execution of a transfer if the same be required) constitute good title to the share and the share shall be registered in the name of the person to whom the share is sold, re-allotted or disposed of or, where such person is a Depositor, the Company shall procure that his name be entered in the Depository Register in respect of the share so sold, re-allotted or disposed of. Such person shall not be bound to see to the application of the purchase money (if any) nor shall his title to the share be affected by any irregularity or invalidity in the proceedings relating to the forfeiture, surrender, sale, re-allotment or disposal of the share.

TRANSFER OF SHARES

36. All transfers of the legal title in shares may be effected by the registered holders thereof by transfer in writing in the form for the time being approved by any Stock Exchange upon which the Company may be listed or in any other form acceptable to the Directors. The instrument of transfer of any share shall be signed by or on behalf of both the transferor and the transferee and be witnessed, provided that an instrument of transfer in respect of which the transferee is the Depository shall be effective although not signed or witnessed by or on behalf of the Depository. The transferor shall remain the holder of the shares concerned until the name of the transferee is entered in the Register of Members in respect thereof.

37. The Register of Members may be closed at such times and for such period as the Directors may from time to time determine, provided always that such Register shall not be closed for more than 30 days in any year, provided always that the Company shall give prior notice of such closure as may be required to any Stock Exchange upon which the Company may be listed, stating the period and purpose or purposes for which the closure is made.

38. (A) There shall be no restriction on the transfer of fully paid-up shares (except where required by law, the listing rules of any Stock Exchange upon which the shares of the Company may be listed or the rules and/or bye-laws governing any Stock Exchange upon which the shares of the Company may be listed) but the Directors may in their discretion decline to register any transfer of shares upon which the Company has a lien and in the case of shares not fully paid-up may refuse to register a transfer to a transferee of whom they do not approve, provided always that in the event of the Directors refusing to register a transfer of shares, they shall within ten market days beginning with the day on which the application for a transfer of shares was made, serve a notice in writing to the applicant stating the facts which are considered to justify the refusal as required by the Statutes.
The Directors may in their sole discretion refuse to register any instrument of transfer of shares unless:

(a) all or any part of the stamp duty (if any) payable on each share certificate and such fee not exceeding $2 as the Directors may from time to time require, is paid to the Company in respect thereof;

(b) the instrument of transfer is deposited at the Office or at such other place (if any) as the Directors may appoint accompanied by the certificates of the shares to which it relates, and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer and, if the instrument of transfer is executed by some other person on his behalf, the authority of the person so to do;

(c) the instrument of transfer is in respect of only one class of shares; and

(d) the amount of the proper duty with which each share certificate to be issued in consequence of the registration of such transfer is chargeable under any law for the time being in force relating to stamps is tendered.

39. If the Directors refuse to register a transfer of any shares, they shall within ten market days after the date on which the transfer was lodged with the Company send to the transferor and the transferee notice of the refusal as required by the Statutes.

40. All instruments of transfer which are registered may be retained by the Company.

41. There shall be paid to the Company in respect of the registration of any instrument of transfer or probate or letters of administration or certificate of marriage or death or stop notice or power of attorney or other document relating to or affecting the title to any shares or otherwise for making any entry in the Register of Members affecting the title to any shares such fee not exceeding $2 as the Directors may from time to time require or prescribe.

42. The Company shall be entitled to destroy all instruments of transfer which have been registered at any time after the expiration of six years from the date of registration thereof and all dividend mandates and notifications of change of address at any time after the expiration of six years from the date of recording thereof and all share certificates which have been cancelled at any time after the expiration of six years from the date of the cancellation thereof and it shall conclusively be presumed in favour of the Company that every entry in the Register of Members purporting to have been made on the basis of an instrument of transfer or other document so destroyed was duly and properly made and every instrument of transfer so destroyed was a valid and effective instrument duly and properly registered and every share certificate so destroyed was a valid and effective certificate duly and properly cancelled and every other document hereinbefore mentioned so destroyed was a valid and effective document in accordance with the recorded particulars thereof in the books or records of the Company; provided always that:

(a) the provisions aforesaid shall apply only to the destruction of a document in good faith and without notice of any claim (regardless of the parties thereto) to which the document might be relevant;
(b) nothing herein contained shall be construed as imposing upon the Company any liability in respect of the destruction of any such document earlier than as aforesaid or in any other circumstances which would not attach to the Company in the absence of this Article; and

(c) references herein to the destruction of any document include references to the disposal thereof in any manner.

STOCK

46. The Company may from time to time by Ordinary Resolution convert any paid-up shares into stock and may from time to time by like resolution reconvert any stock into paid-up shares of any denomination.

47. The holders of stock may transfer the same or any part thereof in the same manner and subject to the same Articles as and subject to which the shares from which the stock arose might previously to conversion have been transferred (or as near thereto as circumstances admit) but no stock shall be transferable except in such units (not being greater than the nominal amount of the shares from which the stock arose) as the Directors may from time to time determine.

48. The holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividend, return of capital, voting and other matters, as if they held the shares from which the stock arose; but no, such privilege or advantage (except as regards participation in the profits or assets of the Company) shall be conferred by an amount of stock which would not, if existing in shares, have conferred such privilege or advantage; and no such conversion shall affect or prejudice any preference or other special privileges attached to the shares so converted.

RESERVES

120. The Directors may from time to time set aside out of the profits of the Company and carry to reserve such sums as they think proper which, at the discretion of the Directors, shall be applicable for any purpose to which the profits of the Company may properly be applied and pending such application may either be employed in the business of the Company or be invested. The Directors may divide the reserve into such special funds as they think fit and may consolidate into one fund any special funds or any parts of any special funds into which the reserve may have been divided. The Directors may also, without placing the same to reserve, carry forward any profits. In carrying sums to reserve and in applying the same the Directors shall comply with the provisions of the Statutes.

CAPITALISATION OF PROFITS AND RESERVES

132. The Directors may, with the sanction of an Ordinary Resolution of the Company, capitalise any sum standing to the credit of any of the Company's reserve accounts (including Share Premium Account, Capital Redemption Reserve Fund or other undistributable reserve) or any sum standing to the credit of profit and loss account by appropriating such sum to the persons registered as holders of shares in the Register of Members or (as the case may be) in the Depository Register at the close of business on the date of the Resolution (or such other date as may be specified therein or determined as therein provided) in proportion to their then holdings of shares and applying such sum on their behalf in paying up in full unissued shares (or, subject to
any special rights previously conferred on any shares or class of shares for the time being issued, unissued shares of any other class not being redeemable shares) for allotment and distribution credited as fully paid up to and amongst them as bonus shares in the proportion aforesaid. The Directors may do all acts and things considered necessary or expedient to give effect to any such capitalisation, with full power to the Directors to make such provisions as they think fit for any fractional entitlements which would arise on the basis aforesaid (including provisions whereby fractional entitlements are disregarded or the benefit thereof accrues to the Company rather than to the members concerned). The Directors may authorise any person to enter on behalf of all the members interested into an agreement with the Company providing for any such capitalisation and matters incidental thereto and any agreement made under such authority shall be effective and binding on all concerned.

(B) RIGHTS IN RESPECT OF DIVIDENDS

DIVIDENDS

121. The Company may by Ordinary Resolution declare dividends but no such dividend shall exceed the amount recommended by the Directors.

122. If and so far as in the opinion of the Directors the profits of the Company justify such payments, the Directors may declare and pay the fixed dividends on any class of shares carrying a fixed dividend expressed to be payable on fixed dates on the half-yearly or other dates prescribed for the payment thereof and may also from time to time declare and pay interim dividends on shares of any class of such amounts and on such dates and in respect of such periods as they think fit.

123. Unless and to the extent that the rights attached to any shares or the terms of issue thereof otherwise provide, all dividends shall (as regards any shares not fully paid throughout the period in respect of which the dividend is paid) be apportioned and paid pro rata according to the amounts paid on the shares during any portion or portions of the period in respect of which the dividend is paid. For the purposes of this Article no amount paid on a share in advance of calls shall be treated as paid on the share.

124. No dividend shall be paid otherwise than out of profits available for distribution under the provisions of the Statutes.

125. No dividend or other moneys payable on or in respect of a share shall bear interest as against the Company.

126. (A) The Directors may retain any dividend or other moneys payable on or in respect of a share on which the Company has a lien and may apply the same in or towards satisfaction of the debts, liabilities or engagements in respect of which the lien exists.

    (B) The Directors may retain the dividends payable upon shares in respect of which any person is under the provisions as to the transmission of shares hereinbefore contained entitled to become a member, or which any person is under those provisions entitled to transfer, until such person shall become a member in respect of such shares or shall transfer the same.
127. The waiver in whole or in part of any dividend on any share by any document (whether or not under seal) shall be effective only if such document is signed by the shareholder (or the person entitled to the share in consequence of the death or bankruptcy of the holder) and delivered to the Company and if or to the extent that the same is accepted as such or acted upon by the Company.

128. The Company may upon the recommendation of the Directors by Ordinary Resolution direct payment of a dividend in whole or in part by the distribution of specific assets (and in particular of paid-up shares or debentures of any other company) and the Directors shall give effect to such resolution. Where any difficulty arises in regard to such distribution, the Directors may settle the same as they think expedient and in particular may issue fractional certificates, may fix the value for distribution of such specific assets or any part thereof, may determine that cash payments shall be made to any members upon the tooting of the value so fixed in order to adjust the rights of all parties and may vest any such specific assets in trustees as may seem expedient to the Directors.

129. Any dividend or other moneys payable in cash on or in respect of a share may be paid by cheque or warrant sent through the post to the registered address appearing in the Register of Members or (as the case may be) the Depository Register of a member or person entitled thereto (or, if two or more persons are registered in the Register of Members or (as the case may be) entered in the Depository Register as joint holders of the share or are entitled thereto in consequence of the death or bankruptcy of the holder, to any one of such persons) or to such person at such address as such member or person or persons may by writing direct. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent or to such person as the holder or joint holders or person or persons entitled to the share in consequence of the death or bankruptcy of the holder may direct and payment of the cheque or Warrant by the banker upon whom it is drawn shall be a good discharge to the Company. Every such cheque or warrant shall be sent at the risk of the person entitled to the money represented thereby. Notwithstanding the foregoing provisions of this Article and the provisions of Article 131, the payment by the Company to the Depository of any dividend payable to a Depositor shall, to the extent of the payment made to the Depository, discharge the Company from any liability to the Depositor in respect of that payment.

130. If two or more persons are registered in the Register of Members or (as the case may be) the Depository Register as joint holders of any share, or are entitled jointly to a share in consequence of the death or bankruptcy of the holder, any one of them may give effectual receipts for any dividend or other moneys payable or property distributable on or in respect of the share.

131. Any resolution declaring a dividend on shares of any class, whether a resolution of the Company in General Meeting or a resolution of the Directors, may specify that the same shall be payable to the persons registered as the holders of such shares in the Register of Members or (as the case may be) the Depository Register at the close of business on a particular date and thereupon the dividend shall be payable to them in accordance with their respective holdings so registered, but without prejudice to the rights inter se in respect of such dividend of transferors and transferees of any such shares.

APPENDIX D: RELEVANT PROVISIONS OF THE CONSTITUTION OF THE COMPANY
(C) RIGHTS IN RESPECT OF VOTING

GENERAL MEETINGS

49. An Annual General Meeting shall be held once in every year, at such time (within a period of not more than 15 months after the holding of the last preceding Annual General Meeting) and place as may be determined by the Directors. All other General Meetings shall be called Extraordinary General Meetings.

50. The Directors may whenever they think fit, and shall on requisition in accordance with the Statutes, proceed with proper expedition to convene an Extraordinary General Meeting.

NOTICE OF GENERAL MEETINGS

51. Any General Meeting at which it is proposed to pass a Special Resolution or (save as provided by the Statutes) a resolution of which special notice has been given to the Company, shall be called by 21 days’ notice in writing at the least and an Annual General Meeting and any other Extraordinary General Meeting by 14 days’ notice in writing at the least. The period of notice shall in each case be exclusive of the day on which it is served or deemed to be served and of the day on which the meeting is to be held and shall be given in the manner hereinafter mentioned to all members other than such as are not under the provisions of these presents entitled to receive such notices from the Company; provided that a General Meeting notwithstanding that it has been called by a shorter notice than that specified above shall be deemed to have been duly called if it is so agreed:

(a) in the case of an Annual General Meeting by all the members entitled to attend and vote thereat; and

(b) in the case of an Extraordinary General Meeting by a majority in number of the members having a right to attend and vote thereat, being a majority together holding not less than 95 per cent. in nominal value of the shares giving that right,

provided also that the accidental omission to give notice to or the non-receipt of notice by any person entitled thereto shall not invalidate the proceedings at any General Meeting. At least 14 days’ notice of any General Meeting shall be given by advertisement in the daily press and in writing to any Stock Exchange upon which the Company may be listed.

52. (A) Every notice calling a General Meeting shall specify the place and the day and hour of the meeting, and there shall appear with reasonable prominence in every such notice a statement that a member entitled to attend and vote is entitled to appoint a proxy to attend and vote instead of him and that a proxy need not be a member of the Company.

(B) In the case of an Annual General Meeting, the notice shall also specify the meeting as such.

(C) In the case of any General Meeting at which business other than routine business is to be transacted, the notice shall specify the general nature of such business; and if any resolution is to be proposed as a Special Resolution, the notice shall contain a statement to that effect.
Routine business shall mean and include only business transacted at an Annual General Meeting of the following classes, that is to say:–

(a) declaring dividends;

(b) receiving and adopting the accounts, the reports of the Directors and Auditors and other documents required to be attached or annexed to the accounts;

(c) appointing or re-appointing Directors to fill vacancies arising at the meeting on retirement whether by rotation or otherwise;

(d) re-appointing the retiring Auditors (unless they were last appointed otherwise than by the Company in General Meeting);

(e) fixing the remuneration of the Auditors or determining the manner in which such remuneration is to be fixed; and

(f) fixing the remuneration of the Directors proposed to be paid under Article 79.

Any notice of a General Meeting to consider special business shall be accompanied by a statement regarding the effect of any proposed resolution on the Company in respect of such special business.

PROCEEDINGS AT GENERAL MEETINGS

The Chairman of the Board of Directors, failing whom the Deputy Chairman, shall preside as chairman at a General Meeting. If there be no such Chairman or Deputy Chairman, or if at any meeting neither be present within five minutes after the time appointed for holding the meeting and willing to act, the Directors present shall choose one of their number (or, if no Director be present or if all the Directors present decline to take the chair, the members present shall choose one of their number) to be chairman of the meeting.

No business other than the appointment of a chairman shall be transacted at any General Meeting unless a quorum is present at the time when the meeting proceeds to business. Save as herein otherwise provided, the quorum at any General Meeting shall be two or more members present in person or by proxy.

If within 30 minutes from the time appointed for a General Meeting (or such longer interval as the chairman of the meeting may think fit to allow) a quorum is not present, the meeting, if convened on the requisition of members, shall be dissolved. In any other case it shall stand adjourned to the same day in the next week (or if that day is a public holiday then to the next business day following that public holiday) at the same time and place or such other day, time or place as the Directors may by not less than ten days’ notice appoint. At the adjourned meeting any one or more members present in person or by proxy shall be a quorum.
58. The chairman of any General Meeting at which a quorum is present may with the consent of the meeting (and shall if so directed by the meeting) adjourn the meeting from time to time (or sine die) and from place to place, but no business shall be transacted at any adjourned meeting except business which might lawfully have been transacted at the meeting from which the adjournment took place. Where a meeting is adjourned sine die, the time and place for the adjourned meeting shall be fixed by the Directors. When a meeting is adjourned for 30 days or more or sine die, not less than seven days' notice of the adjourned meeting shall be given in like manner as in the case of the original meeting.

59. Save as hereinbefore expressly provided, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

60. If an amendment shall be proposed to any resolution under consideration but shall in good faith be ruled out of order by the chairman of the meeting, the proceedings on the substantive resolution shall not be invalidated by any error in such ruling. In the case of a resolution duly proposed as a Special Resolution, no amendment thereto (other than a mere clerical amendment to correct a patent error) may in any event be considered or voted upon.

61. At any General Meeting a resolution put to the vote of the meeting shall be decided on a show of hands unless a poll is (before or on the declaration of the result of the show of hands) demanded by:

- (a) the chairman of the meeting; or
- (b) not less than two members present in person or by proxy and entitled to vote; or
- (c) a member present in person or by proxy and representing not less than one-tenth of the total voting rights of all the members having the right to vote at the meeting; or
- (d) a member present in person or by proxy and holding shares in the Company conferring a right to vote at the meeting being shares on which an aggregate sum has been paid up equal to not less than one-tenth of the total sum paid on all the shares conferring that right,

provided always that no poll shall be demanded on the choice of a chairman or on a question of adjournment.

62. A demand for a poll may be withdrawn only with the approval of the meeting. Unless a poll is required a declaration by the chairman of the meeting that a resolution has been carried, or carried unanimously, or by a particular majority, or lost, and an entry to that effect in the minute book, shall be conclusive evidence of that fact without proof of the number or proportion of the votes recorded for or against such resolution. If a poll is required, it shall be taken in such manner (including the use of ballot or voting papers or tickets) as the chairman of the meeting may direct, and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded. The chairman of the meeting may (and if so directed by the meeting shall) appoint scrutineers and may adjourn the meeting to some place and time fixed by him for the purpose of declaring the result of the poll.
63. In the case of an equality of votes, whether on a show of hands or on a poll, the chairman of the meeting at which the show of hands takes place or at which the poll is demanded shall be entitled to a casting vote.

64. A poll demanded on any question shall be taken either immediately or at such subsequent time (not being more than 30 days from the date of the meeting) and place as the chairman may direct. No notice need be given of a poll not taken immediately. The demand for a poll shall not prevent the continuance of the meeting for the transaction of any business other than the question on which the poll has been demanded.

VOTES OF MEMBERS

65. Subject and without prejudice to any special privileges or restrictions as to voting for the time being attached to any special class of shares for the time being forming part of the capital of the Company each member entitled to vote may vote in person or by proxy. On a show of hands every member who is present in person and each proxy shall have one vote and on a poll, every member who is present in person or by proxy shall have one vote for every share which he holds or represents. For the purpose of determining the number of votes which a member, being a Depositor, or his proxy may cast at any General Meeting on a poll, the reference to shares held or represented shall, in relation to shares of that Depositor, be the number of shares entered against his name in the Depository Register as at 48 hours before the time of the relevant General Meeting as certified by the Depository to the Company.

66. In the case of joint holders of a share the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders and for this purpose seniority shall be determined by the order in which the names stand in the Register of Members or (as the case may be) the Depository Register in respect of the share.

67. Where in Singapore or elsewhere a receiver or other person (by whatever name called) has been appointed by any court claiming jurisdiction in that behalf to exercise powers with respect to the property or affairs of any member on the ground (however formulated) of mental disorder, the Directors may in their absolute discretion, upon or subject to production of such evidence of the appointment as the Directors may require, permit such receiver or other person on behalf of such member to vote in person or by proxy at any General Meeting or to exercise any other right conferred by membership in relation to meetings of the Company.

68. No member shall, unless the Directors otherwise determine, be entitled in respect of shares held by him to vote at a General Meeting either personally or by proxy or to exercise any other right conferred by membership in relation to meetings of the Company if any call or other sum presently payable by him to the Company in respect of such shares remains unpaid.

69. No objection shall be raised as to the admissibility of any vote except at the meeting or adjourned meeting at which the vote objected to is or may be given or tendered and every vote not disallowed at such meeting shall be valid for all purposes. Any such objection shall be referred to the chairman of the meeting whose decision shall be final and conclusive.

70. On a poll, votes may be given either personally or by proxy and a person entitled to more than one vote need not use all his votes or cast all the votes he uses in the same way.
71. (A) A member may appoint not more than two proxies to attend and vote at the same
General Meeting provided that if the member is a Depositor, the Company shall be entitled and
bound:—

(a) to reject any instrument of proxy lodged if the Depositor is not shown to have any
shares entered against his name in the Depository Register as at 48 hours before the
time of the relevant General Meeting as certified by the Depository to the Company;
and

(b) to accept as the maximum number of votes which in aggregate the proxy or proxies
appointed by the Depositor is or are able to cast on a poll a number which is the
number of shares entered against the name of that Depositor in the Depository
Register as at 48 hours before the time of the relevant General Meeting as certified by
the Depository to the Company, whether that number is greater or smaller than the
number specified in any instrument of proxy executed by or on behalf of that Depositor.

(B) The Company shall be entitled and bound, in determining rights to vote and other
matters in respect of a completed instrument of proxy submitted to it, to have regard to the
instructions (if any) given by and the notes (if any) set out in the instrument of proxy.

(C) In any case where a form of proxy appoints more than one proxy, the proportion of the
shareholding concerned to be represented by each proxy shall be specified in the form of proxy.

(D) A proxy need not be a member of the Company.

72. (A) An instrument appointing a proxy shall be in writing in any usual or common form or
in any other form which the Directors may approve and:—

(a) in the case of an individual shall be signed by the appointor or his attorney; and

(b) in the case of a corporation shall be either given under its common seal or signed on
its behalf by an attorney or a duly authorised officer of the corporation.

(B) The signature on such instrument need not be witnessed. Where an instrument
appointing a proxy is signed on behalf of the appointor by an attorney, the letter or power
of attorney or a duly certified copy thereof must (failing previous registration with the Company) be
lodged with the instrument of proxy pursuant to the next following Article, failing which the
instrument may be treated as invalid.

73. An instrument appointing a proxy must be left at such place or one of such places (if any)
as may be specified for that purpose in or by way of note to or in any document accompanying the
notice convening the meeting (or, if no place is so specified, at the Office) not less than 48 hours
before the time appointed for the holding of the meeting or adjourned meeting or (in the case of
a poll taken otherwise than at or on the same day as the meeting or adjourned meeting) for the
taking of the poll at which it is to be used, and in default shall not be treated as valid. The
instrument shall, unless the contrary is stated thereon, be valid as well for any adjournment of the
meeting as for the meeting to which it relates; provided that an instrument of proxy relating to more
than one meeting (including any adjournment thereof) having once been so delivered for the
purposes of any meeting shall not require again to be delivered for the purposes of any
subsequent meeting to which it relates.
APPENDIX D: RELEVANT PROVISIONS OF THE CONSTITUTION OF THE COMPANY

74. An instrument appointing a proxy shall be deemed to include the right to demand or join in demanding a poll, to move any resolution or amendment thereto and to speak at the meeting.

75. A vote cast by proxy shall not be invalidated by the previous death or insanity of the principal or by the revocation of the appointment of the proxy or of the authority under which the appointment was made provided that no intimation in writing of such death, insanity or revocation shall have been received by the Company at the Office at least one hour before the commencement of the meeting or adjourned meeting or (in the case of a poll taken otherwise than at or on the same day as the meeting or adjourned meeting) the time appointed for the taking of the poll at which the vote is cast.

CORPORATIONS ACTING BY REPRESENTATIVES

76. Any corporation which is a member of the Company may by resolution of its directors or other governing body authorise such person as it thinks fit to act as its representative at any meeting of the Company or of any class of members of the Company. The person so authorised shall be entitled to exercise the same powers on behalf of such corporation as the corporation could exercise if it were an individual member of the Company and such corporation shall for the purposes of these presents be deemed to be present in person at any such meeting if a person so authorised is present thereat.

INDEPENDENT AUDITOR’S REPORT
TO THE MEMBERS OF POH TIONG CHOON LOGISTICS LIMITED

REPORT ON THE FINANCIAL STATEMENTS

Our opinion

In our opinion, the accompanying consolidated financial statements of Poh Tiong Choon Logistics Limited (“the Company”) and its subsidiaries (“the Group”) and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (“the Act”) and Financial Reporting Standards in Singapore (“FRSs”) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2016 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year ended on that date.

What we have audited

The financial statements of the Company and the Group comprise:

• the consolidated statement of comprehensive income for the year then ended;
• the consolidated balance sheet of the Group as at 31 December 2016;
• the balance sheet of the Company as at 31 December 2016;
• the consolidated statement of changes in equity for the year then ended;
• the consolidated statement of cash flows of the Group for the year then ended; and
• the notes to the financial statements, including a summary of significant accounting policies.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (“SSAs”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (“ACRA”) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (“ACRA Code”) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.
Our Audit Approach

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying financial statements. In particular, we considered where management made subjective judgments; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements for the financial year ended 31 December 2016. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<tr>
<td></td>
<td>Reviewed management’s analysis and underlying documentary support to the conditions assessed by the management to determine whether the Group would exercise the option to extend the lease tenure and the useful lives of the properties on leasehold land. The conditions include:</td>
</tr>
<tr>
<td></td>
<td>• expected usage level of the asset;</td>
</tr>
<tr>
<td></td>
<td>• expected physical wear and tear; and</td>
</tr>
<tr>
<td></td>
<td>• commercial obsolescence</td>
</tr>
<tr>
<td></td>
<td>Based on our testing, no exceptions were noted.</td>
</tr>
</tbody>
</table>

The Group owns properties on leasehold land with long term lease period that have been classified as Property, Plant and Equipment (“PPE”) and Investment Properties (“IP”) and their carrying amounts as at 31 December 2016 are $98,385,000 and $19,294,000 respectively. These properties are located at various parcels of leasehold land with varying tenures.

For lease agreements where the Group has the option to extend the tenure, the Group has determined the useful lives of the properties on leasehold land with the assumption that the Group would exercise the option to extend after considering the following conditions:

• expected usage level of the asset;
• expected physical wear and tear; and
• commercial obsolescence.

Given the significance of these PPE and IP to the Group’s financial statements, any changes in the estimated useful lives of the properties on leasehold land could result in a significant adjustment to the financial statements.

As a result, this was a key audit matter.

Refer to Note 3 – Critical accounting estimates and judgments for the disclosures relating to useful lives of properties on leasehold land and Note 16 and 17 for details of the properties on leasehold land.

TO THE MEMBERS OF POH TIONG CHOON LOGISTICS LIMITED

Other Information

Management is responsible for the other information. The other information comprises of Directors’ Statement but does not include the financial statements and our auditor’s report thereon, which we obtained prior to the date of this auditor’s report, and the remaining sections of the annual report (“the Other Sections”), which are expected to be made available to us after the auditor’s report date.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor’s report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Other Sections, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions in accordance with SSAs.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors’ responsibilities include overseeing the Group’s financial reporting process.
Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group’s internal control.

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

• Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

• Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS") under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Group’s accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 3.

Interpretations and amendments to published standards effective in 2016

On 1 January 2016, the Group adopted the new or amended FRS and Interpretations of FRS ("INT FRS") that are mandatory for application for the financial year. Changes to the Group’s accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS and INT FRS.

The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the accounting policies of the Group and the Company and had no material effect on the amounts reported for the current or prior financial years.

2.2 Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the Group’s activities. Revenue is presented, net of goods and services tax, rebates and discounts, and after eliminating sales within the Group.
2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.2 Revenue recognition (Continued)

The Group recognises revenue when the amount of revenue and related cost can be reliably measured, it is probable that the collectibility of the related receivables is reasonably assured and when the specific criteria for each of the Group’s activities are met as follows:

(a) Rendering of services

Revenue from rendering of services is recognised in the period in which the services are rendered.

(b) Sale of goods

Revenue from sale of goods is recognised when the Group has delivered the products to its customer and the customer has accepted the products in accordance with the sales contract and collectability of the related receivables is reasonably assured.

(c) Rental income from investment properties

Rental income from operating leases (net of any incentives given to the lessees) is recognised on a straight-line basis over the lease term.

(d) Interest income

Interest income, including income arising from finance leases and other financial instruments, is recognised using the effective interest method.

(e) Dividend income

Dividend income is recognised when the right to receive payment is established.

2.3 Group accounting

(a) Subsidiaries

(i) Consolidation

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.
2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.3 Group accounting (Continued)

(a) Subsidiaries (Continued)

(i) Consolidation (Continued)

Non-controlling interests comprise the portion of a subsidiary’s net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity, and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer’s previously held equity interest in the acquiree is remeasured to fair value at the acquisition date; any gains or losses arising from such re-measurement are recognised in profit or loss.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest’s proportionate share of the acquiree’s identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (b) fair value of the identifiable net assets acquired is recorded as goodwill. Please refer to the paragraph “Intangible assets – Goodwill” for the subsequent accounting policy on goodwill.
2. SIGNIFICANT ACCOUNTING POLICIES

2.3 Group accounting

(a) Subsidiaries

(iii) Disposals

When a change in the Group’s ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to the paragraph “Investments in subsidiaries and joint ventures” for the accounting policy on investments in subsidiaries in the separate financial statements of the Company.

(b) Transactions with non-controlling interests

Changes in the Group’s ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

(c) Joint ventures

Joint ventures are entities over which the Group has joint control as a result of contractual arrangements, and rights to the net assets of the entities.

Investments in joint ventures are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses, if any.

(i) Acquisitions

Investments in joint ventures are initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Goodwill on joint ventures represents the excess of the cost of acquisition of the joint venture over the Group’s share of the fair value of the identifiable net assets of the joint venture and is included in the carrying amount of the investments.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.3 Group accounting (Continued)

(c) Joint ventures (Continued)

(ii) Equity method of accounting

In applying the equity method of accounting, the Group’s share of its joint ventures’ post-acquisition profits or losses are recognised in profit or loss and its share of post-acquisition other comprehensive income is recognised in other comprehensive income. These post-acquisition movements and distributions received from the joint ventures are adjusted against the carrying amount of the investments. When the Group’s share of losses in a joint venture equals to or exceeds its interest in the joint venture, the Group does not recognise further losses, unless it has legal or constructive obligations to make, or has made, payments on behalf of the joint venture. If the joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group’s interest in the joint ventures. Unrealised losses are also eliminated unless the transactions provide evidence of impairment of the assets transferred. The accounting policies of joint ventures are changed where necessary to ensure consistency with the accounting policies adopted by the Group.

(iii) Disposals

Investments in joint ventures are derecognised when the Group loses joint control. If the retained equity interest in the former joint venture is a financial asset, the retained equity interest is measured at fair value. The difference between the carrying amount of the retained interest at the date when joint control is lost, and its fair value and any proceeds on partial disposal, is recognised in profit or loss.

Please refer to the paragraph “Investments in subsidiaries and joint ventures” for the accounting policy on investments in joint ventures in the separate financial statements of the Company.

2.4 Property, plant and equipment

(a) Measurement

(i) Property, plant and equipment

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.
2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.4 Property, plant and equipment (Continued)

(a) Measurement (Continued)

(ii) Component of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Cost also includes borrowing costs (refer to Note 2.6 on borrowing costs) that are directly attributable to the acquisition, construction or production of a qualifying asset.

(iii) Provision for dismantlement, removal and restoration

The projected cost of dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of either acquiring the asset or using the asset for purpose other than to produce inventories.

(b) Depreciation

Assets under construction are not depreciated. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

<table>
<thead>
<tr>
<th>Useful lives</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Properties on leasehold land</td>
<td>2.5 – 51 years</td>
</tr>
<tr>
<td>Commercial vehicles</td>
<td>8 years</td>
</tr>
<tr>
<td>Machinery and equipment</td>
<td>3 – 20 years</td>
</tr>
<tr>
<td>Barges</td>
<td>5 – 10 years</td>
</tr>
<tr>
<td>Computer and accessories</td>
<td>3 – 5 years</td>
</tr>
<tr>
<td>Motor vehicles</td>
<td>8 years</td>
</tr>
<tr>
<td>Office equipment, furniture and fittings</td>
<td>5 – 10 years</td>
</tr>
</tbody>
</table>

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

(c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.4 Property, plant and equipment (Continued)

(d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss within “Other gains/losses – net”.

2.5 Intangible assets

(a) Goodwill on acquisitions

Goodwill on acquisitions of subsidiaries and businesses on or after 1 January 2010 represents the excess of (a) the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (b) fair value of the net identifiable assets acquired.

Goodwill on acquisition of subsidiaries and businesses prior to 1 January 2010 and on acquisition of joint ventures represents the excess of the cost of the acquisition over the fair value of the Group’s share of the net identifiable net assets acquired.

Goodwill on subsidiaries and businesses is recognised separately as intangible assets and carried at cost less accumulated impairment losses.

Goodwill on joint ventures is included in the carrying amount of the investments.

Gains and losses on the disposal of subsidiaries, businesses and joint ventures include the carrying amount of goodwill relating to the entity sold, except for goodwill arising from acquisitions prior to 1 January 2001. Such goodwill was adjusted against retained profits in the year of acquisition and not recognised in profit or loss on disposal.

(b) Other intangible assets

Other intangible assets consist of acquired intellectual property rights and in-house developed patents.

Intellectual property rights acquired are initially recognised at cost and are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These costs are amortised to profit or loss using the straight-line method over 3 years, which is the shorter of their estimated useful lives and periods of contractual rights.

Research costs are recognised as an expense when incurred. Costs directly attributable to the development of patents are capitalised as intangible assets only when technical feasibility of the patent is demonstrated, the Group has an intention and ability to complete and use the patent and the costs can be measured reliably. Such costs include purchases of materials and services and payroll-related costs of employees directly involved in the development of the patent. These costs are amortised to profit or loss using the straight-line method over 3 years, which is the shorter of their estimated useful lives and registration expiry dates.
2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.6 Borrowing costs

Borrowing costs are recognised in profit or loss using the effective interest method except for those costs that are directly attributable to the construction or development of properties and assets under construction. This includes those costs on borrowings acquired specifically for the construction or development of properties and assets under construction, as well as those in relation to general borrowings used to finance the construction or development of properties and assets under construction.

The actual borrowing costs incurred during the period up to the issuance of the temporary occupation permit less any investment income on temporary investment of these borrowings, are capitalised in the cost of the assets under construction. Borrowing costs on general borrowings are capitalised by applying a capitalisation rate to construction or development expenditures that are financed by general borrowings.

2.7 Investment properties

Investment properties include those buildings that are held for long-term rental yields and/or for capital appreciation and land under operating leases that are held for long-term capital appreciation or for a currently indeterminate use. Investment properties include properties that are being constructed or developed for future use as investment properties.

Investment properties are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. Depreciation is calculated using a straight-line method to allocate the depreciable amounts over the estimated useful lives as follows:

<table>
<thead>
<tr>
<th>Useful lives</th>
</tr>
</thead>
<tbody>
<tr>
<td>Properties on leasehold land</td>
</tr>
<tr>
<td>Properties on freehold land</td>
</tr>
</tbody>
</table>

The residual values, useful lives and depreciation method of investment properties are reviewed, and adjusted as appropriate at each balance sheet date. The effects of any revision are included in profit or loss when the changes arise.

If an investment property becomes owner-occupied, it is reclassified as property, plant and equipment and its carrying value at the date of reclassification becomes its cost for accounting purposes.

Investment properties are subject to renovations or improvement at regular interval. The cost of major renovations and improvements is capitalised and the carrying amounts of the replaced components are recognised in profit or loss. The cost of maintenance, repairs and minor improvements is recognised to profit or loss when incurred.

On disposal of an investment property, the difference between the net disposal proceeds and the carrying amount is recognised in profit or loss.
2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.8 Investments in subsidiaries and joint ventures

Investments in subsidiaries and joint ventures are carried at cost less accumulated impairment losses in the Company’s balance sheet. On disposal of such investments, the difference between disposal proceeds and the carrying amounts of the investments is recognised in profit or loss.

2.9 Impairment of non-financial assets

(a) Goodwill

Goodwill recognised separately as an intangible asset is tested for impairment annually and whenever there is indication that the goodwill may be impaired.

For the purpose of impairment testing of goodwill, goodwill is allocated to each of the Group’s cash-generating-units (“CGU”) expected to benefit from synergies arising from the business combination.

An impairment loss is recognised when the carrying amount of a CGU, including the goodwill, exceeds the recoverable amount of the CGU. The recoverable amount of a CGU is the higher of the CGU’s fair value less cost to sell and value-in-use.

The total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU.

An impairment loss on goodwill is recognised as an expense and is not reversed in a subsequent period.

(b) Intangible assets

Property, plant and equipment
Investment properties
Investments in subsidiaries and joint ventures

Intangible assets, property, plant and equipment, investment properties and investments in subsidiaries and joint ventures are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.9 Impairment of non-financial assets (Continued)

(b) Intangible assets
   Property, plant and equipment
   Investment properties
   Investments in subsidiaries and joint ventures (Continued)

An impairment loss for an asset other than goodwill is reversed only if, there has been a change in the estimates used to determine the asset’s recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset other than goodwill is recognised in profit or loss.

2.10 Financial assets

(a) Classification

The Group classifies its financial assets as loans and receivables. The classification depends on the nature of the assets and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than 12 months after the balance sheet date which are presented as non-current assets. Loans and receivables are presented as "cash and cash equivalents", "trade and other receivables", "other current assets" and "other non-current assets" on the balance sheet, except for loan to a subsidiary included within non-current trade and other receivables, which in substance forms part of the Company’s net investment in the subsidiary ("quasi-equity loan"), and has been accounted for in accordance with Note 2.8.

(b) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.
2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.10 Financial assets (Continued)

(c) Initial measurement

Financial assets are initially recognised at fair value plus transaction costs.

(d) Subsequent measurement

Loans and receivables are subsequently carried at amortised cost using the effective interest method.

(e) Impairment

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy, and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in profit or loss.

The impairment allowance is reduced through profit or loss in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost, had no impairment been recognised in prior periods.

(f) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.11 Financial guarantees

The Company has issued corporate guarantees to banks for borrowings of its subsidiaries. These guarantees are financial guarantees as they require the Company to reimburse the banks if the subsidiaries fail to make principal or interest payments when due in accordance with the terms of their borrowings.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.11 Financial guarantees (Continued)

Financial guarantees are initially recognised at their fair values (if material) plus transaction costs in the Company’s balance sheet.

Financial guarantees are subsequently amortised to profit or loss over the period of the subsidiaries’ borrowings, unless it is probable that the Company will reimburse the banks for an amount higher than the unamortised amount. In this case, the financial guarantees shall be carried at the expected amount payable to the banks in the Company’s balance sheet.

Intragroup transactions are eliminated on consolidation.

2.12 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the balance sheet date, in which case they are presented as non-current liabilities.

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

2.13 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

2.14 Fair value estimation of financial assets and liabilities

The fair values of current financial assets and liabilities carried at amortised cost approximate their carrying amounts.

2.15 Leases

(a) When the Group is the lessee:

(i) Lessee – Finance leases

The Group leases commercial vehicles under finance leases and certain property, plant and equipment and warehouses under operating leases from non-related parties.
2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.15 Leases (Continued)

(a) When the Group is the lessee: (Continued)

(i) Lessee – Finance leases (Continued)

Leases where the Group assumes substantially all risks and rewards incidental to ownership of the leased assets are classified as finance leases.

The leased assets and the corresponding lease liabilities (net of finance charges) under finance leases are recognised on the balance sheet as plant and equipment and borrowings respectively, at the inception of the leases based on the lower of the fair value of the leased assets and the present value of the minimum lease payments.

Each lease payment is apportioned between the finance expense and the reduction of the outstanding lease liability. The finance expense is recognised in profit or loss on a basis that reflects a constant periodic rate of interest on the finance lease liability.

(ii) Lessee – Operating leases

Leases where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as an expense in profit or loss when incurred.

(b) When the Group is the lessor:

Lessor – Operating leases

The Group leases investment properties under operating leases to non-related parties.

Leases of investment properties where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in profit or loss on a straight-line basis over the lease term.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income.

Contingent rents are recognised as income in profit or loss when earned.
2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.16 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined using the first-in, first-out method. The cost of finished goods and spares and consumables is determined based on invoiced value, net of goods and services tax. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

2.17 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries and joint ventures, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

(i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date; and

(ii) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities except for investment properties. Investment property measured at fair value is presumed to be recovered entirely through sale.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

The Group accounts for investment tax credits (for example, productivity and innovative credit) similar to accounting for other tax credits where deferred tax asset is recognised for unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax credit can be utilised.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.18 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

Provisions are measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised in statement of comprehensive income as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.19 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

(a) Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

(b) Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. An accrual is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date.

2.20 Government grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grants will be received and the Group will comply with all attached conditions.

Government grants receivable are recognised as income over the period necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are offset against the related expenses.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.21 Currency translation

(a) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency
of the primary economic environment in which the entity operates (“functional currency”). The financial
statements are presented in Singapore Dollars, which is the functional currency of the Company.

(b) Transactions and balances

Transactions in a currency other than the functional currency (“foreign currency”) are translated into
the functional currency using the exchange rates at the dates of the transactions. Currency exchange
differences resulting from the settlement of such transactions and from the translation of monetary
assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are
recognised in profit or loss.

Foreign exchange gains and losses that relate to borrowings are presented in the income statement
within “finance cost”. All other foreign exchange gains and losses impacting profit or loss are presented
in the income statement within “other gains and losses”.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates
at the date when the fair values are determined.

(c) Translation of Group entities’ financial statements

The results and financial position of all the Group entities (none of which has the currency of a
hyperinflationary economy) that have a functional currency different from the presentation currency are
translated into the presentation currency as follows:

(i) Assets and liabilities are translated at the closing exchange rates at the reporting date;

(ii) Income and expenses are translated at average exchange rates (unless the average is not a
reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates,
in which case, income and expenses are translated using the exchange rates at the dates of the
transactions); and

(iii) All resulting currency translation differences are recognised in the other comprehensive income.
These currency translation differences are reclassified to profit or loss on disposal or partial
disposal of the entity giving rise to such reserve.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets
and liabilities of the foreign operations and translated at the closing rates at the reporting date.
2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

2.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Executive Committee whose members are responsible for allocating resources and assessing performance of the operating segments.

2.23 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand and deposits with financial institutions which are subject to an insignificant risk of change in value.

2.24 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

2.25 Dividends to Company’s shareholders

Dividends to the Company’s shareholders are recognised when the dividends are approved for payment.

8. A review of the performance of the group, to the extent necessary for a reasonable understanding of the group’s business. The review must discuss any significant factors that affected the turnover, costs, and earnings of the group for the current financial period reported on, including (where applicable) seasonal or cyclical factors. It must also discuss any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on

Income Statement Review – Second Quarter 2017 ("2Q17") vs Second Quarter 2016 ("2Q16")

Group revenue in 2Q17 was $33.72m, similar to $33.62m in 2Q16.

Total expenses increased by 4% from $30.28m in 2Q16 to $31.35m in 2Q17, mainly due to increases in depreciation of property, plant and equipment, other expenses, sub-contractor charges, cost of inventories sold and finance cost. The increase was partly offset by the decrease in rental on operating leases.

Depreciation of property, plant and equipment increased by 37% or $9.98m, from $2.61m in 2Q16 to $3.59m in 2Q17, mainly due to greater depreciation on the completion of the redevelopment of Phase 1, 48 Pandan Road premises.

Other expenses increased by 36% or $0.82m, from $2.28m in 2Q16 to $3.10m in 2Q17, mainly due to higher property maintenance costs incurred for the new Phase 1, 48 Pandan Road premises.

Sub-contractor charges increased by 20% or $0.57m, from $2.91m in 2Q16 to $3.48m in 2Q17. The reason was mainly due to an increase in volume for certain services handled by the Transportation and Bulk Cargo Division.

Cost of inventories sold surged by 59% from $0.42m in 2Q16 to $0.67m in 2Q17. The increase was mainly caused by higher diesel prices.

Finance cost of $0.44m in 2Q17 was higher compared to $0.22m in 2Q16, as the Company started to expense off the interest cost for the construction loan after TOP of Phase 1, 48 Pandan Road premises was obtained.

Rental on operating leases decreased by 55% or $1.44m, from $2.6m in 2Q16 to $1.16m in 2Q17. This was mainly due to non-renewal of expired leases for third party warehouse premises after the migration of customers’ cargo to Phase 1, 48 Pandan Road premises after TOP was obtained towards end of 2Q16.

The Group’s income tax expense decreased by 44% or $0.23m, from $0.53m in 2Q16 to $0.30m in 2Q17 mainly attributed to lower profit.

Consequently, the Group’s net profit after tax decreased by 33% from $3.19m in 2Q16 to $2.13m in 2Q17.

Income Statement Review – half year 2017 ("1H17") vs half year 2016 ("1H16")

Group revenue in 1H17 was $69.22m representing a decrease of 2% or $1.35m, from $70.57m in 1H16. The lower revenue was mainly attributable to the decrease in volume handled by the Transportation and Bulk Cargo Division.

Total expenses increased by 2% from $61.48m in 1H16 to $62.51m in 1H17, mainly due to increase in depreciation of property, plant and equipment, other expenses, employee compensation and cost of inventories sold. The increase was partially offset by decrease in rental on operating leases. The reasons for the above are similar to those cited in 2Q16 vs 2Q17.

The Group’s total profit after tax decreased by 26% from $8.12m in 1H16 to $6.04m in 1H17 as a result of the above.
APPENDIX F: UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS OF THE GROUP FOR THE HALF YEAR ENDED 30 JUNE 2017

Statement of Financial Position

Property, plant and equipment increased by $23.15m from $139.02m as at 31 December 2016 to $162.17m as at 30 June 2017, mainly due to costs capitalised for Phase 2 of the redevelopment of the Pandan premises.

Trade and other payables increased by $4.40m from $33.35m as at 31 December 2016 to $37.75m as at 30 June 2017, mainly due to increase in payables for the redevelopment of the Pandan yard.

Total borrowings for the Group increased by $17.40m from $81.37m as at 31 December 2016 to $98.77m as at 30 June 2017. Proceeds from borrowings were utilised to finance the purchase of additional property, plant and equipment which included the progress payments for the redevelopment of the Phase 2, 48 Pandan Road premises.

Statement of Cashflow

The Group continued to generate positive cashflow from its operations. Cash provided by operating activities and additional borrowings from banks were utilized mainly to finance the purchase of additional property, plant and equipment.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results

None.

10. A commentary at the date of the announcement of the competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months

Despite the challenging business environment, the Group continues to obtain new business opportunities. The performance of the Group will continue to be affected by diesel prices, tightening of the labour market, pressure on wage costs and interest rate fluctuations.

The Group will continue to be prudent with costs and look for synergistic opportunities to increase its competitiveness.

The Company has started Phase 2 of the redevelopment project to construct a single-user general warehouse comprising a block of ramp-up warehouse building with office space and ancillary facilities. The entire project when completed in 2018 is expected to contribute positively to the Group’s results.

For “desktop” valuation, no site inspection was undertaken, thus it should be read in conjunction with our previous full reports.

Valuation Basis and Assumptions
In accordance with the International Valuation Standards, the definition of Market Value is as follows:

“Market Value is the estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm’s length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion”.

G-1
Our valuation has been made on the assumption that the owner sells the Properties on the open market in its existing state taking into account the existing tenancy and occupational arrangements and without the benefit of a deferred terms contract, joint venture, or any similar arrangement which would affect the price of the Properties.

Where market value is assessed, it reflects the full contract value and no account is taken of any liability to taxation on sale or of the cost involved in effecting a sale. The Properties are valued on the assumption that it is free and clear of all mortgages, encumbrances and other outstanding premiums and charges.

Our valuation is prepared on the basis that the premises and any works thereto comply with all relevant statutory regulations.

No structural survey has been made of the building and no guarantee is given in respect of rot, termite or pest infestation or other hidden defects. None of the services in the building was tested.

We have relied on property information provided in October 2017 by Poh Tong Choon Logistics Limited in relation to such matters as land rent, annual values, tenancy details etc. CBRE Pte. Ltd. Valuation Rationale

In arriving at our opinion of value, we have considered relevant general and economic factors and have investigated recent sales and leasing transactions of comparable properties that have occurred in the broader commercial and industrial property market. We have primarily utilised the Capitalisation Approach and Direct Comparison Methods in undertaking our assessment for each of the Properties.

Capitalisation Approach

The Capitalisation Approach is an investment approach whereby the estimated gross passing income (on both a passing and market rent basis) has been adjusted to reflect anticipated operating costs to produce a net income on a fully leased basis. The adopted fully leased net income is capitalised over the remaining term of the lease from the valuation date at an appropriate investment yield.

Direct Comparison Method

The direct comparison approach is a comparative analysis which considers the relatively of various aspects of the property including (not necessary limited to) location, tenure, size, configuration, quality of improvements and the date of transaction and the circumstances surrounding the sale. Transactions of comparable properties have been considered and capital value rates analysed; thereafter, appropriate adjustments have been included and a capital value rate adopted for the property.
